IN CONVENTION.

Republicans Choose S. L. Powers For Congress, And H. D. Yerxa in 3d Councillor.

Senatorial Delegates Lack Unanimity—No Choice in Forty-Four Ballots—Session Tomorrow.

SENATORIAL DELEGATES.

ASSEMBLED AT 80 FRAMINGHAM MONDAY BUT FAILED TO NOMINATE—MERITMAN LED WHEN ADJOURNMENT CAME

It was anticipated that the Republican senatorial convention in the First Middlesex district, held at So. Framingham last Monday afternoon and evening, would be a record breaker, and the result fully justified the expectations.

The election of a Democrat in this district last year through the failure of the Republicans to nominate a man in whom the people had confidence, has put the party leaders on their mettle, and the claims of the various candidates had been so thoroughly settled in the minds of the delegates that forty-four ballots were cast without a choice, each delegation hanging tenaciously to its man.

The convention met in a dirty hall, hastily fitted up for the occasion, and wholly inadequate for rapid work in the way of balloting. Mr. G. P. Snow of Framingham, chairman of the district committee, read the call, and Ex-Alderman Henry D. Degen of Newton Centre was elected temporary chairman, and Mr. Chas. R. Fletcher of Watertown, temporary secretary. A committee on credentials of which Mr. S. S. Gleason of Watertown was chairman, and of which Mr. W. F. Garcelon of Newton was a member, was appointed and reported the full number of 58 delegates present.

The temporary organization was then made permanent, and a committee on ballots of which Mr. F. O. Baston of Natick was chairman and of which Mr. Wm. B. Young of Abundantia, representing Mr. George H. Bond and Mr. E. J. H. Estabrooks of Newton representing Mr. John T. Langford were members. The various candidates were placed in nomination as follows:

—Mr. Henry L. Brown of Weston, by Mr. C. H. Fiske; Mr. Robert H. Leland of Sherborn, by Mr. W. H. Coolidge, and seconded by Mr. G. A. Fuller of Hopkinton; Mr. Henry R. Skinner of Watertown, by Dr. J. A. Mead; Mr. Geo. B. Bond of Newton, by Mr. Wm. B. Young; Col. Wm. Nutt of Natick, by Judge H. C. Mulligan; Mr. John M. Merriam of So. Framingham, by Mr. T. H. Vidotto, and seconded by Mr. Geo. M. Weed of Newton; and Mr. John T. Langford of Newton, by Judge J. C. Kennedy, seconded by Mr. E. J. H. Estabrooks.

Judge Mulligan's speech in behalf of Col. Nutt was by far the best of the afternoon and was enjoyed by the delegates. Judge Kennedy gave an exhaustive account of the good deeds of Mr. Langford in the local and state arena, but the audience did not appear to appreciate it.

A suggestion from Mr. A. D. Cladin, which if adopted, would have facilitated the work of the convention, that the low man on the list be dropped after each ballot was defeated. Dr. Mead of Watertown paradoxically objecting to this method of "decapitation."

The convention then proceeded to the first ballot which resulted as follows:

Whole number of ballots cast	Necessary for a choice
58	30
John M. Merriam had	15
Geo. B. Bond had	10
Wm. Nutt had	8
Robert H. Leland had	8
Henry R. Skinner had	6
John T. Langford had	6
Abner Greenwood had	2
Henry L. Brown had	2

A request from the Newton delegation for a recess of twenty minutes to finish a conference and a motion to ballot by roll call each being defeated, the balloting was resumed. Ballot after ballot followed with but slight changes in the result. Merriam, Bond, Leland, Skinner and Langford capturing in turn the small majority.

Before adjournment for supper Merriam's high mark was 19, Bond was 15, Leland 13, Skinner 13, while the other candidates did not exceed the vote cast on the first ballot. After supper Merriam reached as high as 22, Bond received 18, Leland 11, while the other men dropped back to their first figures. At 10.30 o'clock the convention heartily the result of the 4th ballot as follows:

Whole number of ballots cast	Necessary for a choice
57	29
Merriam had	19
Bond had	13
Nutt had	8
Skinner had	5
Langford had	5
Brown had	2

By a vote of 39 to 19 the convention then adjourned subject to all of the chairman. During the session Mr. Wm. M. Flinders of Newton was elected a member of the state central committee and Col. W. Farquhar a member of the district committee from Newton.

Chairman Degen has called the adjourned meeting for Saturday, Oct. 6, at 9 p. m. at Masonic Hall, Newtonville.

Political News.

Mr. Erasmus T. Colburn has been elected a member of the Republican third councillor district committee.

The Ward 7 Republican club will hold a meeting for the ratification of Mr. S. L. Powers' nomination as candidate for Congress from the 11th district. The date is announced as Friday evening, Oct. 12, in Armory hall. There will be addresses by Mr. Powers and other prominent speakers. The Powers cadets of West Newton, 20 strong, will parade before the meeting. Club members and their friends will attend.

The democratic congressional convention for the eleventh district has been called by the committee, to be held at the American House, Boston, Wednesday, Oct. 10, at 9 p. m.

The democratic representative convention for this district will be held in "Jefferson" hall, Newtonville, Friday evening Oct. 12 at 7.30 o'clock.

Miss Grace E. Stephens of Watertown, who has been teaching in the Normal Department of the New England Conservatory of Music for the past three years, has again returned to her duties. There being a very limited number of these advanced normal classes (taught by past-graduates) she considers herself very fortunate in receiving one.

WITHOUT CONTEST.

CONGRESSIONAL NOMINATION IN 11TH DISTRICT GIVEN SAMUEL L. POWERS—STANCH SUPPORT ASSURED MID GREAT ENTHUSIASM.

The Republican congressional convention to nominate a candidate in the eleventh district met in Union Hall, 48 Boylston street, Boston, at 10.30 o'clock last Wednesday morning. Mr. John S. Richardson of Ward 21, chairman of the district committee, called the convention to order, and read the call.

Mr. Samuel B. Capen of Ward 22 was chosen temporary chairman and Mr. Seward W. Jones of Newton, temporary secretary. Mr. Jones' election was greeted with hearty applause.

Mr. Capen in assuming the chair said in part, that the convention had but to officially record the decision of the voters of the district which had been reached after an earnest discussion and the result had been generally accepted. We have ceased the discussion of persons and now will begin to discuss the great principles of the Republican party to which we belong.

A committee on credentials of which Mr. Eben D. Bancroft of Hopedale was chairman was appointed and later reported 139 delegates present.

A committee of which Col. E. C. Benton of Belmont was chairman was appointed to nominate a district committee, and upon its report the following gentlemen were elected to serve until Jan. 1, 1903.

Boston, Ward 21—R. F. Andrews Jr., Edmund Weld.

Boston, Ward 22—Wm. M. Clarke, Gottlieb Gerhug.

Boston, Ward 23—J. Adams Brown, Geo. E. Gray.

Boston, Ward 25—Frank Krogman, E. W. Brown.

Belmont—J. H. Cullis, R. H. Bontwell.

Brookline—E. W. Baker, J. S. Wiley.

Dedham—Gen. S. M. Weld, Thomas Murphy.

Foxboro—George F. Williams.

Franklin—Chas. F. Nye.

Holliston—E. A. Daniels.

Hopedale—Eben D. Bancroft.

Medford—D. W. Senior.

Milford—Z. C. Field, C. A. Cook.

Needham—Howard A. Crossman.

Newton—Wm. F. Garcelon, Frederick Johnson, Seward W. Jones.

North Attleboro—H. D. Hunt.

Norwood—W. F. Tilton.

Sharon—H. M. Hight.

Walpole—Robert S. Gray.

Watertown—H. H. Sawyer.

Hyde Park—Walter S. Weston, Fred M. Tirrell.

Mr. J. Richard Carter of Newton then nominated Mr. Samuel L. Powers of that city, as the representative to congress, saying in part that our duties are not onerous, and we simply register the will of our constituents. Newton, always in the vanguard of progress is ready to furnish you with a good candidate, and from the many good men in our city we present for your approval, one who has made his way in the world through his own industry, whose backbone is not of the "angle worm" variety. He has served the city in various capacities and we would like to see him called to the higher duties as a representative of this district to congress.

I now present to you on behalf of the Newton delegation, and I trust of the whole convention, the name of Samuel L. Powers.

Mr. Joseph Walker of Brookline in behalf of the friends of Mr. Williams, seconded the nomination and pledged the hearty support of Mr. Williams.

Mr. M. J. Murray of Boston in an eloquent and effective speech also seconded the nomination and Mr. Powers was unanimously chosen by acclamation, the result being greeted with great applause.

Messrs. J. Richard Carter and Joseph Walker were appointed a committee to escort the candidate to the platform.

Upon motion of Wilbur H. Powers of Hyde Park, Mr. Eben S. Draper of Hopedale was nominated as a presidential elector from this district by acclamation.

Upon motion of Wm. M. Flinders of Newton, the district committee was empowered to fill any vacancies which might occur in the nominees of the convention.

Mr. Powers appeared at this time and was received with great enthusiasm, the delegates rising and cheering heartily.

Mr. Capen introduced Mr. Powers to the convention and he made the following speech:

Mr. Powers said that he was profoundly moved by the great honor that had been conferred upon him by the convention, and that he fully appreciated the high and intelligent character of the constituency embraced within the Eleventh Congressional District, and that he knew full well that such a constituency would demand of its representative in Congress a most conscientious and faithful performance of his duty to the people, that in accepting the nomination he had accepted the responsibility of the great responsibility that would rest upon him if elected. He said that Congress would be called upon to deal with large and important problems in the decade that was to follow. He believed that these problems would be solved by the Republican party to the satisfaction of the people.

Mr. Powers said that the Democratic party claimed that the paramount issue of the present campaign was imperialism, and its leaders styled themselves anti-imperialists.

Mr. Powers said, "If imperialism means the changing of our form of government from republic to empire, then of course we are all anti-imperialists." He did not believe that there was any sentiment in the minds of the American people in favor of imperialism in the sense in which the opposition to the administration insisted upon using it, nor had there been a single act on the part of the McKinley administration showing any tendency in that direction. If the acquiring of territory and the extension of the sovereignty of the United States over it without first obtaining the consent of its inhabitants was imperialism, then this nation had been guilty of it ever since 1803, when it acquired the Louisiana territory; prior to the purchase of the Philippines the United States had paid over fifty-six millions of dollars for new territory, in none of which was the inhabitants' consent to be governed ever asked for; that all of this territory, with the possible exception of Alaska, acquired under President Johnson's administration in 1867, had been acquired under Democratic administrations.

BOARD OF ALDERMEN.

Vigorous Remonstrance to Assessments by Many
Lexington Street Abutters.Washington Street To Be Widened at Newton Lower Falls—
Other Important Business Transacted.

The regular meeting of the board of aldermen was held last Monday evening and was called to order promptly at 7.45 o'clock by President Baily. Aldermen Brown, Chesley, Dana, Fisher, Hutchinson, Lothrop, Norris, Pond, Pulsifer, Stiekney, Trowbridge, Warren, Wardwell, Weed and Weldon being present.

STREET RAILWAYS.

A hearing was immediately announced upon the petition of the Newton Street Railway Co. for location for curved track in Newtonville square.

President Winthrop Coffin stated that this location was desired in order to run through cars from Newton to Waltham over the new route through Walnut, Crafts and Waltham streets, and to save the bother of backing around the present arrangement of tracks.

Mr. C. F. Avery thought that the curve was needed, but believed that Walnut street was too narrow and should be widened now, before it was too late, and stated that a petition for this improvement was now in circulation.

President Coffin suggested that reference to the plan would show that Walnut street was not affected by the proposed location, and the hearing was closed.

Hearings were then announced upon the alteration, widening and laying out of Walnut, Crafts and Waltham streets for street railway purposes.

Mr. C. F. Avery spoke in favor of the widening with a few suggestions as to spacing of trees and hedges.

Mr. N. W. Tupper asked if it was feasible to widen on the park side of Walnut street instead of taking nearly ten feet off of lots with scanty frontage and to which City Engineer Farham applied that trees could be saved by the plan adopted.

A letter from Linwood O. Towne in regard to the widening was read and filed and the hearing was closed.

WASHINGTON STREET.

The hearing on the widening of Washington street, Lower Falls, (supplementary seizure) was opened, but was immediately closed as no one desired to be heard.

LEXINGTON STREET.

In marked contrast, however, was the hearing which immediately followed, upon the remonstrance of Johnson et al. to the assessment of betterments on Lexington street.

Mr. P. A. McVicar, the first speaker, said that he did not want the street widened in the first place, and that the widening was solely for the accommodation of the street railway. His own premises had been cut down by the laying out of Commonwealth avenue, so that he had lost about 30 feet frontage on Lexington street; and for which his assessment was \$386. He considered the assessment an outrage and thought that as the widening was a public matter the public should pay for it.

Ex-Alderman Albert Plummer recalled the fact that the city governments of which he had been a member had widened the street railway petitions in that locality for three years, and that the franchise had only been granted upon the payment of \$7500 to the city. He said the running of cars from early morning until late at night and the crowd from the park sitting down on his fences and steps was a great detriment to his property. He had been assessed \$250 a foot for his 84 feet of frontage, and thought that the street railway or the public should have paid for the widening. He asked for the abatement of the whole of his assessment.

Mr. Geo. L. Johnson criticized the method of widening first on one side and then on the other, so that his own property was ten feet out in the street, making it a detriment instead of an improvement. He had heard it said that \$2200 of the expense had been wasted in an attempt to abate a nuisance of a pond hole near Mr. Scribner's. He further said that there were some 43 abutters below Freeman street who were not assessed, and only 5 of those between Freeman street and Auburn street had been levied upon, the remainder having been relieved by the city, and it was not just to put the whole burden upon a few. The condition of the street was disgraceful and should be cleaned.

A remonstrance from M. L. Graves representing the Cephas Brigham estate was read and filed.

Mr. McVicar spoke again and said that the street railway should pay the whole bill, as they were using the street for the storage of cars.

The petition was then referred to the committee on claims.

SEWER TAKINGS.

A hearing upon the taking of land in Kenwood avenue for a sewer brought out a vigorous remonstrance from Mr. Wm. B. Young, who said that he and his brother would be assessed over \$1000 if the sewer was built. He believed that the petitioner, who lives at the corner of Commonwealth avenue and Cedar street, could be accommodated in other ways.

Mr. Joseph Commons objected to the taking of his land to provide an outlet for a sewer in Virginia road, as he had just got it in shape from being disturbed by the railroad, and the sewer would ruin his grape vines and rhubarb plants.

METROPOLITAN PARK.

A communication from the mayor recommending an appropriation of \$1000 to be paid to the Metropolitan Park Commission towards the construction of a roadway over the route of the main sewer between Lower and Upper Falls, and to be in lieu of damages on account of the construction of such sewer, was read and filed.

PETITIONS.

Petitions of Smith et al., for an arc light, Washington and Prospect streets, West Newton; of McManis et al., for street light on Murray road, Auburndale; of Ernest Winsor for a street light on Hammond street, Chestnut Hill; of Mills et al., for a light at Homer and Norton streets, Newton Centre; and of Oliver et al., for a light on the Newton Centre playground were referred to the committee on street lights. Similar action was taken upon the petitions of the N. E. Tel. & Tel. Co. for poles on Bellevue street, 1 pole on Eldredge street, 3 poles on Newtonville avenue; for relocation of poles on Walnut, Crafts and Waltham streets, and for conduits in Auburn street and Waverley avenue, hearing being ordered before the committee for Oct. 10th at 7.45 p.m. Hearings at the same time were assigned upon petition of the N. & W. Gas Light Co. for location for 4 poles on Langley road and 4 poles on Chase street, Newton Centre.

Petitions of Fortunato Valente for a hurdy gurdy license; of Abram Shreier for a junk license; of G. H. Pond, Jr., for two pool tables at Auburndale; of the Newton Driving Club to lay out a trotting track, and of M. E. Stearns to set up an 8 horse power engine at Nonantum to run a meat

chopper were referred to the license committee.

The ordinance committee was honored with the reference of a petition of Peabody et al., for abatement of a nuisance caused by the exhaust from the gas engine of the Newton Journal.

A petition of Robbins et al., for a sewer in Chestnut street, West Newton, was referred to the sewer committee, and petitions of Julia S. Day for sidewalks on Commonwealth avenue, Dartmouth and Prince streets, West Newton, and of Whipple et al., for the laying out of Oakland street were referred to the highway committee.

A petition of Clarence F. West for permission to parade through streets and on Lincoln park, West Newton, was granted.

REPORTS OF COMMITTEES.

The finance committee showed that it was aware of what was going on, but promptly recommending favorable action on the request of the mayor for \$1000 towards street construction in the Metropolitan Park reservation between the Lower Falls and Upper Falls.

The committee also reported in favor of granting the sum of \$40,800 for city expenses during October, recommending the transfer of \$1084.24 from receipts in treasury to the appropriation for Newton Hospital, Health Department, and in favor of the orders widening Washington street at the Lower Falls and appropriating \$11,000 therefor.

The committee on street railways handed in a number of important reports, and upon request of President Baily a hearing was ordered on Nov. 6th, at 7.45 o'clock, upon the petition of the Newton Street Railway Company for curved track from Lexington street into Rumford avenue.

Mr. Baily explained that this petition had been pending for some months, awaiting action of the railroad commissioners. The committee reported leave to withdraw upon petition of the Newtonville & Watertown Street Railway Co. for turnout on Watertown street, and upon suggestion of the president, Mr. H. B. Parker of that road was heard on the matter.

Mr. Parker said that his company was anxious to make a 15 minute schedule and that as no one appeared in opposition at the hearing and as there is no turnout on Watertown street at the present time, he hoped the petition would be granted.

President Baily then took the floor, Vice-President Dana in the chair, and said that the committee had recommended leave to withdraw upon this petition, as it considered it in the same light as the petition for a turnout at Newton Highlands square.

The public sentiment in Newton Highlands square, being opposed to that petition, the committee had taken the same action on both petitions. The committee would like to favor a 15 minute schedule, but until the people of the Highlands can agree upon a location for turnout in that village, it does not seem necessary to grant a turnout on Watertown street. Moreover, there is a turnout on Walnut street within 800 feet of the proposed turnout on Watertown street.

The report of the committee on this petition as well as on that of the Newton & Boston Street Railway Co. for turnout in Newton Highlands square were accepted.

In regard to the favorable report of the street railway committee relative to tracks in Newtonville square, President Baily stated that the action of the committee was tentative, subject only to the public hearing. The committee had favored early action in order to avoid the company to lay its tracks before the ground from the street to the street, and that the franchise had only been granted upon the payment of \$7500 to the city. He said the running of cars from early morning until late at night and the crowd from the park sitting down on his fences and steps was a great detriment to his property. He had been assessed \$250 a foot for his 84 feet of frontage, and thought that the street railway or the public should have paid for the widening. He asked for the abatement of the whole of his assessment.

Alderman Lothrop said that he would like the matter laid over for two weeks in order to enable him to look it up, and said that President Coffin had assured him that the delay was not material.

At the suggestion of Alderman Lothrop, President Coffin stated that the company desired to run through cars between Auburn and Newton, and that as it took about four weeks to fill orders for rails, it was important that early action be taken if the work was to be completed by the end of the year. The company did not wish to assume the responsibility for the delay in case the work could not be done until spring, although it desired the board to feel perfectly satisfied in the matter.

Action on the report was then deferred until the next meeting.

President Baily then took the chair and the following reports were acted upon:

Committee on highways, favorable to concrete sidewalk by premises of H. F. Ross, Walnut street, Ward 2, received; committee on journal, relative to approval of records, accepted; committee on licenses, favorable to granting licenses to Peter Cornoni, hand organ; Andrea Berganza, hand organ; Michele Malizia, hand organ; Mrs. C. Chas. intelligence office at 123 Centre street, Newton Centre; Brennan & King, an additional pool table, Newton Centre; Antonio Bontempo, one wagon; William Leonard, Nonantum, junk; and John Lawlor, Nonantum, junk. Accepted.

Committee on licenses, recommending leave to withdraw on petitions for licenses of Michele Fucunari to play on drum; Antonio Banetta, to play on drum; of Benjamin Weinstein for junk, and of Peter Morrison as a common victualer. Accepted.

Committee on licenses recommending revocation of junk license held by Jos. Feldman, as he had left the city. Accepted.

Committee on licenses recommending the rescinding of former action in granting leave to withdraw on petition of Morris Gilfix for junk, and the granting of the license instead. Accepted.

Committee on police recommending that an appropriation be included in budget for 1901 for locating a police signal box on Concord street, Lower Falls. Accepted.

Committee on street lights and poles recommending that the New England Telephone & Telegraph Co. be granted location for poles on Fountain street, West Newton; Harvard street, Newtonville; Grove street and Seminary avenue, Auburndale, and Cypress street, Newton Centre. Accepted.

The same committee recommended that the Newton & Watertown Gas Light Co. be granted an attachment on Homer street, Newton Centre. Accepted.

The report of the same committee recommending granting location to the Newton & Watertown Gas Light Co. for five poles on Lakewood road and Lake avenue, and leave to withdraw on petition for poles on Walnut, Crafts and Waltham streets, was recommended at the request of Alderman Warren, and the abutters granted a hearing before the committee on Oct. 10th.

The same committee recommended the location of two street lights on California street, Newtonville; one on Berkeley street, West Newton; two on Pierce street, Newton Highlands; one on Chestnut street, Upper Falls; one on Commonwealth avenue, Newton Centre, and three on Kendrick street, Newton. Accepted.

ORDERS.

Orders laying out and widening portions of Walnut, Crafts and Waltham streets were read and unanimously adopted. The

two orders for widening of Washington street, Lower Falls, and appropriating \$11,000 for the construction and land damages were also adopted.

Orders taking land for sewer purposes near Virginia road and authorizing construction of sewer therein were adopted, notwithstanding the objections advanced at the hearing.

Orders appropriating \$1000 for street construction through Metropolitan park reservation; granting \$10,500 for city expenses during October; authorizing transfer of \$1084.24 from receipts in treasury to use of board of health at Newton Hospital; authorizing location of concrete sidewalk on Walnut street; authorizing location of the street lights recommended by the committee and granting certain pole locations and attachments for wires to the telephone and gas light companies, as recommended by the committee, were also adopted.

RECESS.

Upon request of Alderman Dana a recess was then taken to allow the finance committee to consider some matters requiring prompt attention, and when the session was resumed, that committee recommended an additional appropriation of \$2500 for the charity department, Newton Hospital, and the order therefor was adopted.

Upon recommendation of the same committee the hospital bill for the care of James Meehan was referred to the claims committee.

BILL BOARDS.

An order was adopted authorizing the city clerk and street commissioner to locate bill boards for municipal purposes in various parts of the city.

Orders were also adopted requesting the sewer committee to consider the further extension of the main sewer at the Upper Falls; requesting the trustees of the library to consider the advisability of continuing the branch at the Upper Falls, and directing the city clerk to print the estimates of expenses during October, recommending the transfer of \$1084.24 from receipts in treasury to the appropriation for Newton Hospital, Health Department, and in favor of the orders widening Washington street at the Lower Falls and appropriating \$11,000 therefor.

Alderman Fisher presented a petition from Dr. Shinn, which was referred to the committee on parks without reading and at 9.55 o'clock the board adjourned.

To accommodate those who are partial to the nasal passages for applying liquids into the nasal passages for catarrhal troubles the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid embodies the virtues of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 55 Warren St., N. Y.

SUPT. L. H. MCCLAIN HONORED.

RECEIVED APPOINTMENT AS STATE INSPECTOR FROM STREET RAILROAD COMMISSIONERS, AND WAS PRESENTED A HANDSOME SILVER SERVICE BY FORMER EMPLOYEES.

Former Superintendent Lewellyn H. McClain of the Newton & Boston and the Wellesley & Boston Street Railways has been doubly honored this week in addition having received the hearty congratulations of his many friends.

Mr. McClain has received from the railroad commission of the state an appointment as inspector of Massachusetts street railways. He has already entered upon his new duties and resigned those here in Newton.

Mr. McClain's departure from service in Newton is regretted by all those who were aware of his efficiency in managing the lines under his care and by the directors of both companies and the hundreds of more employees who hold the highest respect for his executive ability and judgment.

On Sunday morning at 1 o'clock there gathered at the home of Mr. McClain on Grove Hill avenue, Newtonville, about 75 employees of the Newton & Boston and the Wellesley & Boston. This was the most convenient hour for the men, in fact the only time when they could be gathered.

Mr. McClain was aroused from his slumbers by the announcement that there was a car off the track. He hurriedly dressed and was ready to start out. To make the good natured, humorous and plausible Mr. McClain was rung. Taking down the receiver Mr. McClain sought further information but without success.

He was on the point of leaving the house when he was escorted by one of his employees, into the dining-room. In an instant darkness turned to light and there were gathered the large company of Mr. McClain's employees. Another surprise followed when there was revealed a handsome silver service which Mr. John Cavanaugh presented to his superintendent.

Both Mr. and Mrs. McClain responded with words of thanks, expressing their deep appreciation of the substantial token of esteem. A collation followed and the guests departed on special cars to their respective homes.

Mr. McClain's advancement in railroad service has been marked. He was born in Hope, Maine, in 1861, and in the schools of that place secured his education.

He came to Boston when a young man and in 1881 went to work as a driver of a horse car on the Metropolitan street railway. In 1890 he became superintendent of the Newton street railway one of the first operated by electricity in New England. In 1892 he was appointed superintendent of the construction of the Newton & Boston street railway and in 1894 became its superintendent. He was also made superintendent of the Wellesley & Boston street railway.

His successor in this city is Mr. Edward A. Spring, formerly superintendent of the Norfolk Western street railway company running between Dedham and Franklin.

Dispute Ended Game.

Dedham High and Newton High lined up on the Cedar street gridiron Monday afternoon. It was a first-class game, both sides being in good form. Newton refused to accept a decision of the umpire, and, though with an undisputed touchdown in its favor, retired from the field near the end of the second half, allowing Dedham's claim for the game.

It was about Skelton's touchdown that the argument ensued, with the above result. Both teams were lively and excellent on interference of the visitors' exelling.

A Finnish Attack.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Arthur Hudson's Drug Store.

Police Paragraphs.

Promiscuous shooting in the woods adjoining the Newton golf club's course has caused the members of that organization to ask for police protection. They are in danger of flying bullets they say.

At 10 o'clock last Saturday night a west bound accommodation train was stoned as it was passing the West Newton freight yards. Whoever threw the stones stood on the south side of the tracks. There is being an active investigation made which will undoubtedly be followed by several arrests.

A Nonantum merchant reported that some time Saturday night a pair of shoes was stolen from in front of his store, corner of Chapel and Watertown streets.

Mr. Bruce R. Ware reported Tuesday that a bicycle belonging to his daughter had been stolen from the rear of the High school building on Monday.

Wetherbee-Atkins.

Miss Serena Thomas Atkins, daughter of Mr. and Mrs. Alexander K. Atkins of Thornton street was married to Mr. Edward Tyler Wetherbee last Wednesday evening at her parents home, Rev. George R. Grose, pastor of the Methodist Episcopal church of Newton, officiating. The ceremony took place in the tastefully decorated parlors which were beautified by a profusion of palms, potted plants and flowers. Only relatives were present.

The bride was handsomely gowned in white organdie and carried a bouquet of bride roses. She was given away by her father and attended by Miss Susan F. Atkins who acted as maid of honor. The latter wore green organdie. Mr. Frank Holbrook of Lynn was best man.

Nearly 200 guests attended the reception which followed. The young couple was assisted in receiving by Mr. and Mrs. A. I. Atkins and Mr. Willard A. Wetherbee.

The ushers were Mr. Frank B. Wetherbee, Mr. Frank Holbrook, Mr. Willard L. Atkins and Mr. Benjamin O. Atkins. The refreshment tables in the dining-room were in charge of Miss Annie Marshman, Miss Helen Mead and Miss Stella Kimball.

After an extended wedding trip Mr. and Mrs. Wetherbee will reside at 8 Pearl street, Everett, and will be at home after December 1st.

Wales-Bevins.

Miss Ethel F. Bevins, daughter of Mr. Henry Bevins of Newton Centre, and Mr. George F. Wales of Newton Centre were married last Wednesday evening at the home of the bride on Ridge avenue, by the Rev. Edward M. Noyes of the First Church Congregational. Owing to the recent death of the bride's mother, only the immediate families were present.

Preparatory League.

Newton High's part in the football schedule for the season as arranged by the executive committee of the Preparatory League is as follows:

Oct. 26—Cambridge Latin vs. Newton high at Newton Centre.
Nov. 2—Newton high vs. Brookline high at Newton Centre.
Nov. 6—Hopkinton vs. Newton high (undecided).

Killed by Fall from Wagon.

John Kinsella, 30, employed as a teamster by E. B. Ricketson & Co., lumber dealers, Newton, was killed on Mt. Auburn street, Watertown, last Monday afternoon, by falling from his wagon and being dragged over the stone pavements, his feet becoming entangled in the reins.

His head was terribly cut and bruised and he died a few minutes after being picked up.

Medical Examiner Mead viewed the body and it was later turned over to friends. Kinsella was unmarried and resided with his parents in the Nonantum district.

The funeral will be held Wednesday morning at the Church of Our Lady, High mass of requiem was celebrated by Rev. M. Dolan. The pallbearers were John, Timothy and Michael Kinsella, Michael Keating, James Collins, Timothy Donnelly, M. Callinan and W. Keefe. The burial was in Calvary cemetery, Waltham.

He was on the point of leaving the house when he was escorted by one of his employees, into the dining-room. In an instant darkness turned to light and there were gathered the large company of Mr. McClain's employees. Another surprise followed when there was revealed a handsome silver service which Mr. John Cavanaugh presented to his superintendent.

The Edward Everett Hale club of Newton Centre will hold its first meeting for the season in the parlors of the Unitarian church next Tuesday, Oct. 9, at 6.30 p. m. Topic, "National Expansion." Speakers—Edwin D. Mead, Esq., Rev. S. H. Roblin, D. D., Rev. C. W. Wendt.

The parlors of the Congregational church, West Newton, were well filled last evening, the occasion being the annual reception tendered to the pastor, Rev. Dr. T. P. Prudden.

At the Universalist church, Newtonville, next Sunday, service at 10.45 a. m. A short sermon will be preached by the pastor, subject, "The Larger Conception of the Communion," and communion will follow.

A series of morning services will be held in the Newtonville churches during the month of November, especially for old people. The order follows: Oct. 7, Central Congregational, sermon by the pastor, Rev. Oza S. Davis; Oct. 14, First Universalist, sermon by the pastor, Rev. Dr. T. P. Prudden; Oct. 21, Methodist Episcopal, sermon by the pastor, Rev. William J. Thompson; Oct. 28, St. John's Episcopal, sermon by the pastor, Rev. Richard T. Loring. Hour of service, 10.45. Carriages will be sent for any who are unable to reach the churches in any other way.

At the Newtonville Methodist church last Sunday "Rally Day" was observed. There were special exercises and an address by the pastor.

Rev. Dillon Bronson, a former pastor of the Newton Methodist church gave an interesting lecture on "Norway, Switzerland and Iceland," at the church last Wednesday evening, for the benefit of the Epworth League. The lecture was illustrated by one hundred superb stereoscopic views of the cities, public buildings, costumes and customs and some special pictures about the North Cape.

A substantial collection was taken up last Sunday at the Highland avenue church, Newtonville, for the benefit of their New church, friends who were sufferers from the Galveston flood.

Mr. Burkhart of the Episcopal Divinity school at Cambridge will conduct the Bible class at St. John's church, Newtonville, the coming season.

The choir of Grace church, Newton, and St. John's church, Newtonville, will begin active rehearsals soon of Gail's "Holy City," which will be given in both churches later in the season.

Mr. Herbert Small of the New church of Cambridge in Cambridge will occupy the pulpit of the Swedenborgian church on Highland avenue, Newtonville, next Sunday.

Mr. Alfred L. Barbour of West Newton was elected clerk of the Boston North End Association at the 24th annual meeting of this association held in Tremont Temple last Wednesday. Rev. E. F. Snell was one of the speakers.

The Ladies' Circle of the Universalist church, Newtonville, will postpone their experience social for one month. Mrs. Geo. W. Pope, Jr., will have charge of the entertainment next Thursday evening.

There will be services in each of the churches of Newtonville Sunday morning. The Old People's services are not to be union services except for the old people.

The Unitarian Club, connected with Channing church is planning an active winter's work. The meetings will be held monthly and prominent speakers will be the guests of the Club.

The offering at Eliot Church next Sunday will be for the North church at Nonantum.

The regular Sunday issue of the Eliot Church Calendar has been resumed. The contents consist of the order of services and notes of events happening during the week.

An offering for the Newton Young Men's Christian Association will be taken at the Immanuel Baptist church next Sunday.

Rev. George B. Grose will give the closing address in the series on "Plain Thoughts on Great Things" at the Newton Methodist church next Sunday evening. The topic will be "Last Things."

At the Mid-week Meeting at the Immanuel Baptist church this evening the topic to be considered will be "The Recent Census of Newton and Our Part of the Result."

At the Newton Methodist church last Sunday, Missionary day was observed in the Sunday school. Rev. George B. Grose gave an interesting description of the mission work now being done among the Portuguese.

Rev. F. E. Clark the well-known leader of the Christian Endeavor movement, gave an interesting address last Sunday evening to a large audience in Eliot church upon the "Uprising in Pekin." Dr. Clark gave a short account of his trip around the world and of the U. E. convention in southern China, before he arrived at Pekin. He then described the tense feeling which prevailed in that city and gave a graphic sketch of the leading missionaries.

He emphatically refuted the statement that the missionaries were the cause of the outbreak, and attributed the uprising to several factors, chief of which, were the seizure of territory by European powers, the fear of foreign commercial oppression, and the introduction and extension of the railroads.

The railroads, by doing away with a large amount of coolie labor, and the necessary

disturbance of ancestral tombs in its construction, was the last straw.

Dr. Clark believed that the future of China as a field for Christian work was secure, as the heroism of the missionaries, and the steadfastness of the native Christians has been proved, and the present conviction would undoubtedly tend towards the regeneration of the country.

The annual reception to the pastor, Rev. Dr. William H. Davis will be held in the chapel of Eliot church, Newton, next Thursday evening, Oct. 11th from 7.30 to 10 o'clock. During the evening it is expected a musical programme will be rendered by the quartette and refreshments will be served, all new comers to Newton are especially invited.

A special business meeting of the Women's association was held at Eliot church, Newton, last Tuesday afternoon.

At a business meeting of the Eliot Guild held at Eliot church, Newton last Tuesday afternoon the monthly reports were read and the summer work was handed in.

—A large number of those who went on the fall excursion of the Appalachian Mountain Club to the Adirondacks, New York, were from different parts of Newton, among them being Mrs. Alvin R. Bailey, Mr. and Mrs. W. R. Davis, Mr. and Mrs. Charles E. Lord, Mrs. Charles Loring, and Mrs. S. H. Uhler.

—The fond mother dreams great dreams of baby's future as she holds the sleeping little one in her arms. But the dreams will never come true unless she has given him a strong body and a healthy mind. Children die in hosts, or live to struggle through life feeble of body and dull of mind because the mother was unfit physically and mentally for motherhood. Women who use Dr. Pierce's Favorite Prescription endow their children with strong bodies and bright minds. It is every mother's duty to give her child the advantages of a healthy body and mind. A weak or sickly woman cannot do this. "Favorite Prescription" makes weak women strong and sick women well.

—Mrs. Orrin Stiles, of Downing, Dunn Co., Wis., writes: "I have been intending to write to you ever since my baby was born in regard to what your 'Favorite Prescription' has done for me. I cannot praise it enough, for I have not been a baby boy, weight 11 pounds, and I was only sick a short time, and since I got up have not had one sick day. I have not had any womb trouble since I got up. I was not only surprised myself but all of my friends here are surprised to see me so well."

—Dr. Pierce's Pellets cure biliousness.

LEXINGTON STREET ASSESSMENTS.

We sympathize heartily with the abut-
tors on this street who have been called upon to
pay heavy betterments for the widening of
two years ago; at the same time, however,
there are other matters to be considered,
which relieve the city from the imputation
of unfairness, charged by the remonstrants
at the public hearing.When the widening was first agitated, a
sub-committee was appointed to consider
the details of seizure and cost, and after
faithful work, satisfactory arrangements
were made whereby the street railway
company guaranteed to indemnify the city
for the cost of land damages, up to the
amount of \$7,500, and all but two of the
abutments from whom land was taken agreed
upon terms of release. The widening was
of sixty feet between Walcott and Walcott
streets, and of fifty feet between Walcott
and Freeman streets, which accounts for
the fact that Mr. Johnson's premises got
out in the street. It may be said, however,
in passing, that the 60 foot widening
stopped at Walcott street on account of the
expense of carrying it to Freeman street.A distinction should be made between
the widening of part of the street and the
construction of the whole, as there was no
widening below Freeman street, this por-
tion for the first time being built to its
established width.The chief object in the minds of the
aldermen of 1898 in widening the upper
portion of the street under the betterment
act was to counter on those abutments who
refused to come to terms of release, and
parties from whom land was not taken
must necessarily be included in the benefit
occasioned by the widening.It seems to us that the widening of this
street has been a decided improvement to
the whole village, and it is further remark-
able from the fact that this is the first case
in our remembrance where an important
widening has been done by the city, in
which the preliminary details of release
agreements were so well considered and
carried out.

THE REPUBLICAN PARTY.

The conventions have nearly all been
held and the voters can now begin to weigh
the candidates and the principles for which
they stand. The Republicans enter the fight
with every confidence in their ultimate
success. The state ticket which has been
renominated has successfully administered
the affairs of the Commonwealth, and
there is no question as to its election by an
enormous majority. The congressional
campaign, involving national issues to a
greater degree than the state, finds the
party firmly united under the leadership of
Mr. Powers of our city, who is eager to
trow down the gauntlet to any and all
who oppose Republican principles. The
result in this direction is also certain, the
only question being as to the size of the
majority.In the senatorial field, greater care must
be used by the party managers towards
healing the wounds of last year, which show
signs of breaking out afresh in the dead-
lock which exists in the situation. The
district is by no means a sure one and all
of the candidates, particularly those from
our own city, should place party success
above and beyond individual advancement.The representative nominations are usu-
ally equivalent to elections, and the gen-
tlemen who have been decided upon as the
nominees deserve and should receive the
heartiest support of all voters who desire the
members of our General Court from this
district to maintain the honor and dignity
of the grand old Commonwealth.

BROOKLINE.

Our neighboring town of Brookline, is
apparently attempting to drive a hard bar-
gain with us in regard to matters in which
we each have an interest.Not content with fighting a Newton man
for the congressional nomination, it now
tries to enter our territory without per-
mission, and find an outlet for the water
which will be drained from the new
Boylston street at Chestnut Hill.For several years Newton has attempted
to make a settlement with Brookline for
the right to sewer several hundred acres
of land at Chestnut Hill through that
town, but the town authorities have placed
such an exorbitant price upon the priv-
ilege as to practically prohibit acceptance.Newton easily made terms with Boston
for a similar right a year ago, and there is
no reason why the matter with Brookline
should not be adjusted on the same basis.The city authorities welcomed the neces-
sity which Brookline is under to find an
outlet for its drain through our territory,
and a compromise will undoubtedly soon
be effected. In the meantime vigilant eye
will be kept on our south-eastern border.

WATER RIGHTS.

The settlements recently made by the
city of Waltham in the mill cases, brought
to recover damages suffered by various
corporations by reason of that city taking
2,000,000 gallons of water daily from the
Charles river, is of interest to this city.
The mills sued for \$750,000 damages and
after years of litigation have just accepted
\$9,000 and interest.The Boston Manufacturing Co. has a
suit against this city on slightly different
lines, and we understand that the matter
will be brought before a master before
long. With the Waltham awards as a
precedent, however, the city will not be
heavily mulcted in case the decision is ad-
verse to our interests.

THE SENATORIAL SITUATION.

After balloting for six or seven hours
without reaching a satisfactory result, the
Republican senatorial convention, ad-
joined its session at South Framingham,
and will meet at Newtonville, to-morrow
afternoon to try conclusions again.The tenacity with which each of the
seven candidates clings to the belief that
he is the self-appointed Moses destined
to redeem the district from the domination
of democracy, is painfully apparent, and
the wounds which are being inflicted upon
the Republican party, by their stubborn-
ness, are not considered.The inadequateness of the present
methods of nominating candidates through
delegate conventions was never shown to
better advantage than in the present case,
where over one third of the delegates elected
persist in an attempt to nominate men,
belonging in one end of the district, while
99 out of every 100 of the rank and file of
the party firmly believe that the senator
should come from the other end of the
district.The nomination of Mr. Tirrell of Natick
as the Congressional candidate in the
fourth district will probably result in the
consolidation of the small towns at the
upper end of the district, and thereby
simplify the work of the convention.The appropriation made by the Board
of Aldermen the other evening towards the
construction of a roadway along the banks
of the river between Lower Falls and
Upper Falls over the location of the main
sewer, is a very satisfactory solution of
what threatened at one time to be an ex-
pensive job for the city. By this arrange-
ment the city is relieved from the necessity
of cleaning up the debris caused by sewer
construction for a distance of over a mile,
and the building of a roadway between the
two villages will be of great benefit to each
and to the whole city.

City Hall Notes.

The street department is engaged in re-
surfacing Elm street, West Newton, in re-
building a portion of Boylston street New-
ton Highlands and in resurfacing Walnut
street, after the rails of the Newton Street
railway have been laid.The Albemarle road and the bank of the
Cheesecake brook have recently been
cleaned and their appearance has been
greatly improved.The registrars of voters have been busy
all the week in qualifying voters for the
coming election, receiving 9 applications
at the Lower Falls, 17 at Nonantum and 57
at Newton besides the number registered
daily at City Hall.On account of the delay in issuing the
tax bills, the collector will delay sum-
moning delinquent poll tax payers, until after
Oct. 15th.A meeting of the Overseers of the poor
was held on Wednesday afternoon.The members of the Board of Health
have presented Dr. Utley with a magnifi-
cent cut glass punch bowl.Chief Randlett officiated at the burning
of the old scarlet fever ward of the New-
ton hospital, last Tuesday afternoon. This
action was necessary in order to make
room for the new buildings, the center of
which are now being excavated.The bound volumes of the 1899 reports
have been distributed this week, although
the reports of each department have been
ready for several months.Miss E. D. Hinckley of the water office
returns this week from the Appalachian
club, trip to the Catskills and a coaching
tour through the Berkshires.Co. I. F. Kingbury has been re-elected
a member of the executive committee of
the City Clerk's association.The bachelors in City Hall are slowly
diminishing in number.The board of health's statement of the
mortality statistics shows the number of
deaths during September to have been 37
and the rate per thousand 10.24. The
greatest number of deaths from a single
cause was 8 children under two years, who
died of cholera infantum. October first the
board had on hand 19 cases of diphtheria,
2 of typhoid fever, none of scarlet fever
and none of measles.The electricians connected with the fire
department are in Waltham in re-
sponse to a call from that city, rendering
all possible aid in repairing the damage
caused by the disastrous early morning fire
in Waltham today.Chief W. B. Randlett leaves tonight for
Charleston, S. C., to attend the annual con-
vention of fire chiefs.

THE TABLET OF LIFE

(Fidula At Longan Viam.)

The Scientific Discovery of the Age!
The Magic Key to the Mystery of Life!From time immemorial it has been man's
predominant ambition to prolong life. But
among the many brilliant minds, who have
devoted their lives to the fascinating subject, it
was left for the immortal Darwin to give the
world, in his great theory of Life, the funda-
mental principle upon which to build all further
research in this direction. Following closely in
his footsteps came Prof. Dr. Ludwig Buechner,
a German scientist of international renown, with
his remarkable work entitled "Das Buch des
Langen Lebens" (the book of Longevity). But
alas, like Darwin he too died, ere he could reap
the fruit of his wonderful doctrine. Others how-
ever, equally great, took up the interrupted
thread with the result that two famous German
scientists, after years of experiments and re-
search, have at last discovered the secret of
Longevity, in the shape of a remarkable Vegeta-
ble Compound which if properly used will pos-
sibly prolong life. This new remedy appar-
ently named "Longavita" (meaning Long
Life) has been subjected to the most rigid tests
at all the leading clinics and hospitals through-
out Europe with marvelous results. Appreciat-
ing the importance of this discovery, we have
acquired at enormous cost, the exclusive prop-
erty right to this truly wonderful preparation,
which has proved a blessing to mankind.
"Longavita" is the true Tablet of Life, a reju-
venator par excellence embodying the veritable
secret of longevity in a practical, feasible form.
It is the fountain of perpetual youth, which it
prolongs far beyond its present limits, while re-
taining health in a perfectly normal state.
"Longavita" brightens the eye, stimulates men-
tal and gives elasticity to the system, makes
the face full, absorbs wrinkles, cleanses the sys-
tem purifies the skin, and is the only true Ponce
de Leon remedy for old and young of both sexes.
Endorsed by Europe's leading physicians.

Laseel Notes.

Dr. G. Winslow gave on Saturday afternoon a lecture introductory to the course upon Domestic Economy, which is to follow.

On Sunday a number of the students had the opportunity of hearing the Rev. John Brown's impressive presentation of the care of the cities of today, more particularly of those of our own land as regards the crying needs of such work among their poor, nobly done by workers such as those of the Hall street settlement and others of like character.

The annual school excursion to Concord took place on Monday, Mr. Bragdon conducting the party, which numbered seventy-five. The memorable places of this historic town were prettily portrayed by the party, and lunch was had near the Old North Bridge. The company made the trip in barges and had the best of times. They were gone all day long.

Dr. Rolfe resumes this week his Shakespeare work at Laseel.

On Tuesday Principal Bragdon went to Northampton to be present at the Smith College celebration of its twenty-fifth anniversary.

Reading Room Association.

The annual meeting of the Upper Falls Reading Room association was held Thursday evening in Quinobosc hall. The report of the president, H. E. Loke, tracing the history of the organization which was formed Nov. 9, 1899, and stating the attendance for nine months at 1761 persons was read. The report of the treasurer, Mr. L. P. Everett showed the financial condition to be good.

It was voted to turn the room over to the city Jan. 1st 1901, to be run as a branch of the Newton Library and Alderman Chesley and President Everett were appointed a committee to make the necessary arrangements.

Street Railway Matters.

Soile & Dillingham began to lay the rails of the new location of the Newton Street Railway in Walnut street last Wednesday forenoon.

Mr. H. N. Gowdy of Putnam, Ct., has been appointed chief engineer at the power house of the N. & B. St. Railway Co., on Homer street.

Since the season at the Park has closed the Commuter Ave. St. Railway has resumed its regular fifteen minute schedule occasionally running on a ten minute schedule when the travel warrants it.

Utey-Wood.

An event of more than common interest to the people of Newton was the marriage yesterday at Woodville of Miss Edith Sanger Wood, daughter of Mr. and Mrs. Granby Wood, to Dr. Edward Roswell Utey of this city. The ceremony took place at 11:30 at the bride's home and was performed by Rev. W. D. Athearn.

As the couple entered the parlors unattended, the wedding march of "Lohengrin" was played by Mrs. F. S. Caswell, sister of the bride, who presided at the piano. A profusion of ferns and flowers beautified the interior of the rooms in which the guests were assembled.

The bride wore a gown of white satin with train, duchess lace, and a crescent of diamonds, the latter a gift of the groom. She carried bride roses.

There was a small reception for relatives and immediate friends after the ceremony. Dr. and Mrs. Utey received a large number of valuable gifts.

In the evening the Newton clubhouse contained hundreds of friends of the young couple at the reception given in their honor.

The entire interior was handsomely decorated with flowers, potted plants and palms. Hydrangeas, roses and asters in profusion added much to the beauty of the general effect.

Dr. and Mrs. Utey were assisted in receiving by Mr. and Mrs. Granby Wood and Dr. and Mrs. James Utey. The ushers were Mr. Edwin O. Childs, J. of Newton, Mr. Arthur L. Brackett of Newton, Mr. B. Laurie Jones of Providence, R. I., and Mr. John T. Allen of Boston.

At the conclusion of the reception Dr. and Mrs. E. H. Utey left on an extended wedding trip and upon their return will reside on Centre street, Newton.

WITHOUT CONTEST.

CONTINUED FROM PAGE ONE.

Mr. Powers said that Louisiana was acquired in 1803 at the instigation of the late Jefferson, the founder and father of the Democratic party; that its acquisition was against the wishes and even the protest of its inhabitants; that the constitutional right to acquire territory was approved by James Madison, then secretary of state, and Alexander Hamilton, both of whom had taken an active and influential part in drafting the American constitution in 1787; that the Louisiana purchase was a test case as to whether the constitution permitted the republic to acquire territory against the will of the inhabitants residing thereon, and to govern them against their will; that that question was then settled in the affirmative, and under General Jackson's administration in 1803, Florida was purchased, New Mexico and California were acquired in 1848, and the Gadsden territory was acquired under President Pierce in 1853, and Alaska under President Johnson in 1867. No part of the Louisiana purchase became a state until Louisiana was admitted in 1812, nine years after the territory was acquired.

Mr. Powers said he had no question but that the outcome of the Philippine Islands would be in the interest of humanity, and consistent with the best traditions of the Republican party. At the present time the sovereignty of the Philippines extending over these islands was just as complete as its sovereignty over any of its territory; that the inhabitants of these islands were in insurrection, when that ceased the administration at Washington would undoubtedly outline its future policy with reference to these islands, and there was no reason why it should do so until then; that at all events the inhabitants of the Philippines would have the benefit of a republican form of government.

Mr. Powers said that the claim that we are drifting toward militarism was absolutely absurd; that we were maintaining a standing army of 65,000 men, or one to 1100 of the population; that the standing army of Europe aggregate 8,000,000 of men, or one to 45 of the population; that in 1865 the North had an army of more than 1,000,000 soldiers, or one to every 20 of its population; that this did not lead to militarism, and at the close of the war this great army was disbanded and the soldiers constituted our standing army; that it was the policy of the country to maintain an army no greater than the exigencies of the times require.

Mr. Powers closed by saying: "I think you will believe me when I say that I appreciate the duties incumbent upon a congressman representing a district of the old Bay State. If I am elected I will perform these duties to the best of my ability, ever mindful of the sacred trust imposed upon me by the people of the district."

After adjournment the delegates were given an informal reception by Mr. Powers.

HON. H. D. YERXA NOMINATED.

UNANIMOUS CHOICE OF 3RD COUNCILOR DISTRICT DELEGATES—VOTE CARRIED BY ACCLAMATION.

Hon. Henry D. Yerxa, of Cambridge, was nominated last Tuesday by acclamation as Republican candidate for councillor from the third district. Of the 193 delegates to which the convention was entitled, 117 were present.

At noon the convention was called to order in Wesleyan hall by John Campbell, of East Boston, chairman of the third district Republican committee. Mr. Dunham, of Chelsea, moved that Albert S. Aspey be made temporary chairman, and Joseph H. Cullis, of Belmont, was made temporary secretary on motion of David I. Jackson, of Cambridge. Mr. Rawson of Arlington moved that a committee of five on credentials be appointed, and the chair named Messrs. Rawson, of Arlington, Hoag, of Chelsea, Farrington, of Hopkinton, Esler, of this city and Bridgman, of Newton, as members of the committee. The temporary organization was made permanent.

Ernest W. Roberts, of Chelsea, was chosen to fill the place of Mr. Stone, of ward three. He placed in nomination the name of Hon. Henry D. Yerxa, Cambridge, as candidate for councillor and hoped that the nomination would be made by acclamation.

The nomination was seconded by Mr. Dickinson, also of Cambridge, who reviewed Mr. Yerxa's work in the field of politics, and his labors on the governor's council this year. The nomination was made unanimous by acclamation.

A committee composed of Messrs. Dunham, of Chelsea, Gray, of Cambridge, and Dalrymple, of Revere, was appointed to find the candidate and bring him to the hall.

Mr. Yerxa was then introduced, and in accepting the nomination said that he was a mere novice in politics, but he felt deeply the honor which had been conferred upon him in making him the successor of the late Hon. Oliver H. Durrell. He enumerated the life and values of the district, and the extent of its manufacturing interests. "I do believe in the gold standard and the Republican party," he continued, and said a plain. "I do believe in the election of William McKinley and Theodore Roosevelt, and I do believe that the fortunes of those countries which have been brought under our control through the fortunes of war will be safe under our flag."

Warned off by Police.

A Brookline contractor engaged in the construction of a drain in the Chestnut Hill district of his own town and with the consent of the authorities of that place, undertook Tuesday to encroach upon Middlesex road in Newton without the necessary permit. In fact nearly 200 feet of pipe had been laid before Newton authorities were aware of it. Immediately all work was ordered suspended and the police kept guard night and day lest another attempt might be made by the workmen.

The authorities of Brookline and Newton have been engaged for sometime in settling the matter of an outlet for a Newton sewer through Brookline, and the outlet for a Brookline drain through Newton, and this attempt to steal a march upon the city is a serious breach of that courtesy which should exist between public bodies.

The drain is required to carry the water from the new widening of Boylston street and while there is no doubt but what Newton will finally consent to its construction, a suitable arrangement should first be made.

Adams School 10, St. John O.

The Adams school won its first game, Tuesday by defeating the Littleton 10 to 9. The touch downs were made by Ferguson full back for Adams school and Farrell left half back.

During the game Schofield, right half back made a run of 30 yards in the second half.

Adams school will play the Bigelow school Oct. 6th at Newtonville, about 2 o'clock corner Cral and California street.

BUCHANAN, MICH., May 22. Genesee Pure Food Co., Le Roy, N. Y.: Gentlemen:—My mamma has been a great coffee drinker and has found it very injurious. Having used several packages of your GRAIN O, the drink that takes the place of coffee, she finds it much better for herself and for our children to drink. She has given up coffee drinking entirely. We use a package every week. I am ten years old.

Yours respectfully, FANNIE WILLIAMS.

CORY'S CUP.

Braeburn Trophy Won by Home Player.

Carnegie Gets Consolation; "Hopes" for Whiting.

In one of the best matches of the week C. B. Cory of the Braeburn Golf club last Friday defeated Merrill Richards of the Seapuit club, Osterville, 2 up and 1 to play, in the final round of the tournament on the course of the Braeburn club, thus bringing to a close the principal part of the biggest golf tournament ever held in New England, and becoming possessor of the Braeburn cup.

The day opened with a drizzling rain, which continued throughout the forenoon, making the green slow, the ball falling dead even on the drives. The play was good, however, and the score creditable, considering the unfavorable conditions. By the time the afternoon play began the rain had stopped and the greens were in better shape.

The first round of the Cory-Richards match was played in the forenoon. The first nine holes were well contested, three of them being halved, and at the end of the third Cory was 1 up. During the next nine holes, however, Richards steadied down and was 2 up on his opponent at the end of the 18 holes. The cards:

C. B. Cory, Braeburn.

Out.....454455345-42

In.....555444555-45-87

Merrill Richards, Seapuit

Out.....555444555-42

In.....454455345-42-83

The afternoon play was started at 2 o'clock. Richards had the honor, and did away a splendid drive. The first hole was halved in 5, while Richards won the second in 5 and the third in 3. The fourth went to Cory in 4, as did the fifth in 5, his opponent making it 6. The next two were halved. Cory got the eighth in four and the ninth was halved.

In the second half of the last 18 holes Richards took the first hole in 3, his opponent making it 6. The second was halved, also the fourth. Cory got the fifth and sixth in 5 and 4 respectively. The seventh went to Richards in 4 and the eighth to Cory in 5, bringing the match to a close with Cory a winner, 2 up and 1 to play. The by hole was made in 4 by Cory against Richards' 5. The cards:

C. B. Cory, Braeburn

Out.....555444555-43

In.....454455345-42-79

Merrill Richards, Seapuit

Out.....555444555-43

In.....454455345-42-82

The finals for the consolation cup were also played in the afternoon, W. C. Carnegie of the Allegheny club, Pittsburgh, Penn., defeating R. K. Freeman of Wollaston, 2 up, and winning the consolation cup. W. M. Whiting of Hull and Percy Gilbert of Newton Centre came together in the finals for the "blasted hopes" cup, after the semifinals had been decided, and the Hull player won by 2 up.

The summary of the other events:

AND GOOD BABIES.

TENNEY'S FOOD IS THE STAFF OF LIFE FOR CHILDREN AND INVALIDS.

Is your baby well? Are you sure you understand the language of a cry? Tenney's Food makes sturdy children. It nourishes the child with gentle means. It is a natural food prepared from whole wheat, malt and the sugar of milk.

Tenney's Food, in itself, contains every essential for human sustenance. It is the nearest approach to a refined essence of life. Tenney's Food nourishes the infant; it strengthens the mother; it invigorates the invalid; it will sustain life and energy in persons of mature years and robust health. Tenny's Food is readily and easily assimilated by delicate or enfeebled stomachs. Does not require cooking, may be given with milk, hot water, beef tea, etc.

Tenny's Food is the most satisfactory substitute for mother's milk. It is now generally prescribed by physicians and adopted by many hospitals.

Pleasant and palatable,—no sickness, no sweetness, no nausea.

Price 50 cents. At your druggists, or by mail. Tenney's Food Co., 155 Congress Street, Boston.

Removal.

Dr. May announces his removal to 661 Commonwealth avenue, near Centre street, where the afternoon office hour, 4 to 5, is held. Telephone 32 Newton Highlands. The morning hour, 8 to 9, continued at the former office, corner of Institution avenue and Beacon street, where also messages may be left during the day.

THE CHESTNUT SEASON.

Now the season of the Chestnut is upon us, and its coming makes the autumn joys complete. The nut in size and shape remains unaltered, and there is the same old favor in the meat.

Many thanks for this fine handiwork of nature. For its blessing goes alike to rich and poor. In plenty they gathered from about us, 'Twould ungrateful be in us to ask for more.

There are many other Chestnuts freely given. In quantities excessive, free enough. From the glad-hand politician's "How's Your Family?"

To the tramp who works the "awful hungry" bluff.

And the candidate who doesn't seek the office, But his bank account he's very friendly?

And announces in a manner most reluctant, "I am only in the race to please my friends."

When we find the cost of milk is fast increasing.

And the price of family flour mounting high, Then we realize there are no bargain prices, Like those that pleased us all long years gone by.

Should we ask an explanation for this, From our dealer who is always very fair, He would answer, "Those big Trusts are working."

In manner smooth, and never turn a hair.

What a pleasure to our hearts would be forth coming.

Could we gather all these Chestnuts we hate most,

And in place, and time, and manner, most proper,

Give them a first-class, bang-up, red-hot Roast.

L. B.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Dr. Warren's Disappearance.

Having exploded the story that a young man named Dr. Warren was in Halifax, N. S., who proved, by the way, to be a young man named Warner, and who is a law student and resides in Cambridge, the father of Dr. G. A. Warren, the detectives and the police, are now without any clue as to his present whereabouts. They feel satisfied that they have left nothing turned. They are greatly puzzled at the doctor's protracted absence, but feel confident he is suffering from mental aberration. The case has assumed the character of a mystery in which the police and detectives declare themselves completely baffled.

Italian Laborer Injured.

While employed in an excavation of Commonwealth avenue, at a point near Walnut street, shortly after Monday morning, an Italian laborer, employed by Stuart Bros. was half buried by a falling bank of gravel. He suffered painful bruises and a shaking up, but no serious injuries. He was taken to his home on Cook street in the police ambulance.

Newton Hospital.

The usual meeting of the Newton Hospital trustees took place at the hospital on Friday afternoon, the 28th ult, with the president, Hon. J. R. Leeson, in the chair, and members present as follows: Mesdames Bacon, Cobb, Coolidge, Gould, Haskell, Leonard, Lodge, Morse, Nichols, Paine, Messrs. Ballens, Ellison, Fitzpatrick, Pratt, Travelli, Dr. Shinn and Tyler, Drs. Hunt and Seales, Alderman Henry Baily.

The treasurer's report gave the current expenses of the hospital, together with painting and other expenditures, \$8,531.13, while the income from care and treatment of patients, together with interest and other income and donations, amounted to \$6,864.87. The chairman of the finance committee gave the probable income and outlook for the coming season with reference to what has already been indicated by some of the members of the committee by helping in every church and locality to the hospital's contribution adequate to meet the rapidly increasing work of the institution in relieving the suffering and sick of our city.

The average number of patients daily at the hospital for the three months passed was reported by the executive committee to have been 58.

A communication from the city and Boston Street Railway Company was presented, offering a donation to the hospital their gross receipts for the Saturday immediately preceding Hospital Sunday.

This generous action upon the part of the Street Railway Company was accepted with much appreciation by the board.

The work of painting and renovating inside in several of the buildings has been completed, and work upon the outside is soon to be commenced.

The loss to the board caused by the death of Mr. Charles C. Burr of Auburndale was most feelingly spoken of by the president, and the following minutes were presented by Dr. Shinn, the acceptance of which was manifested by a rising vote, and a copy ordered to be sent to the family.

This board is again called to mourn the loss of one of its active members, and is moved to place upon record its high appreciation of his personal character and his useful services for the hospital.

Mr. Charles C. Burr of Auburndale became one of the trustees of the Newton Hospital soon after it began its work, and continued loyal to its interests until he was called away hence to his rest.

He was a man of unblemished reputation in business, an honored citizen, and an enthusiastic member of the church of his choice.

We remember him as a gentleman of simple and courteous manners, ever ready to render whatever assistance the hospital needed at his hands, and doing everything in a most quiet and unobtrusive manner.

He could always be relied upon for advice and help, and both were especially valuable because of his thorough integrity and the confidence which the community had in him.

Such men are a source of strength to any institution favored with their services, and so we feel that Mr. Burr's death is a severe loss to the hospital.

We are thankful for these eighteen years or so of association with him in this work, and hope that his mantle of fidelity may fall upon some worthy successor.

Mr. Edward E. Hardy of Auburndale was elected to fill the vacancy. The special features, also made a member of the auditing committee.

After completion of routine business, and dismissal of all matters connected with the work of the institution, the meeting was adjourned.

Why should you become a mummy, when you can be alive and a prime factor in the world's happenings? Why should you change from lusty, vigorous, healthy manhood or womanhood, to become a shriveled, wrinkled, unshifty, attenuated nonentity, as the years roll on when life is your power to arrest decay and rejuvenate and invigorate your body? Why should you walk the streets with halting, lagging steps, or lustreless eyes, when with elastic grace and firm of foot and brilliant eyes, you may view life's surroundings? You have within your grasp, what Ponce de Leon vainly sought, four hundred years ago, and what of our modern day is the dream of ages—the fountain of eternal youth. Read our "Longevity" ad. in another column.

The long-heralded, much advertised and eagerly awaited Merchants' and Manufacturers' 20th Century Exposition opened most auspiciously on Monday, with an attendance of nearly 25,000 people. Visitors, exhibitors and the press generally declare this exhibition surpasses any similar one ever given in Boston. The decorations are especially elaborate and tasteful, and command general commendation. The display of paintings in the art gallery is the finest ever seen in Boston. The special features, "A Trip Thro' Chinatown" and the "Women of All Nations," are well worth the popular praise so freely accorded them.

The music is the finest ever given in an exposition in Boston. This week the New York 71st Regiment Band has created a furor in musical circles, and next week Sousa and his famous band will make their first appearance at their triumphal tour in Europe. The visitors to the fair find variety and novelty at every turn. They wander through the various rooms and chambers, and are attracted by the great building, eat popcorn, drink many strange and weird drinks—of a strictly temperance nature—sample innumerable delectable delicacies, ask ten hundred thousand million questions, want to know the most successful Employment Department send for latest prospectus.

BOSTON AMUSEMENTS.

BOSTON MUSEUM.—Last Monday's event at the Boston Museum was a splendid novelty and marked the return to the stage of David Belasco's roaring comedy, "Naughty Anthony." In the title part, as played by Charlie Evans Monday night, he scored the triumph of his career. The moment Evans stepped on the stage he received a great ovation and this style of reception is the kind that has been accorded him wherever he has appeared this season. Possibly the congenial character he is playing has something to do with it, for Naughty Anthony is one of the funniest parts that could fall to an actor's lot to play. The second sensation of the comedy occurred in the third act during the famous stocking episode. It will be remembered that this incident created a mild tempest in a teapot when the play was first long run in New York last season. At all events, the few moments of the stocking scene are followed with closest attention, for not one person of the large audience that witnessed the play, is willing to miss a single second of it. As if three acts of incessant laughter were not enough to fill out an evening's enjoyment, David Belasco introduces the programme by a complete production of his famous "Madame Butterfly" which set the critics of London simply wild with admiration.

Newton Highlands 6, Newton Centre 0.

Football eleven representing Newton Highlands and Newton Centre met on the Newton Centre playground last Saturday morning for the first game of the season.

The game was witnessed by a large crowd of spectators who were well rewarded for their trouble. Both sides played well, but Newton Highlands was so much stronger on the line that the ball was kept in Newton Centre's territory most of the time.

In the first half Newton Highlands scored one touch down and in the second half the ball was steadily advanced until within two feet of Newton Centre's goal line when time was called. The line up:

"KO-NUT"

A Pure Coconut Fat.

Not a "Substitute" for, but a
complete "Superseder" of, lard
or butter for cooking.

The Finest, Purest and Most HEALTHFUL
article for cooking is the product of
the coconut now being sold under
the Trade-Mark name of "KO-NUT".
This material is a perfect superseder
of butter or lard for every use in
which those substances were ever
put, and being a fruit product of ab-
solute purity, is preferable in every
point of comparison.

It is more ECONOMIC than lard
one-half or two-thirds as much KO-
NUT is required to do the same work
as lard.

the prominent guests present.

Political News.

The ticket for the state election will be
a voluminous affair, the addition of about
sixty candidates for presidential electors,
requiring considerable space. The order
of arrangement is as follows: Presidential
electors, Governor, Lieut. Governor, Secre-
tary of the Commonwealth, Treasurer, Audi-
tor, Attorney General, Congressman, Coun-
cillor, Senator, Representatives to General
Court, County Commissioner, Register of
Deeds, and County Treasurer.

That the wheels of the Republican
County Convention run smoothly may be
deduced from the fact that Hon. James
Pierce of Malden has officiated as chairman
for the last eighteen years and Mr. Henry
W. Pitman of Somerville has served as
secretary for twenty-two years.

A largely attended rally was held at
Sammitt hall in the German district of
Ward 22, last Tuesday evening in the in-
terests of Mr. Powers for congress.
Speeches were made by Lachlan Wallace,
W. A. Webster, Gottlieb Gehring J. E.
McGuire and J. J. McCarthy.

It is said by some of the friends of Mr.
Baker that they believe he has accom-
plished his principal object in being in-
cluded in the congressional convention and
being put in a position where Storey would
owe to him the Democratic nomination, if
conferred. They predicted that Baker
would withdraw and that Storey would be
substituted by the officers of the conven-
tion, who were authorized to fill vacancies.
Baker is understood to have ambitions to
be mayor of Newton, and by withdrawing
from the congressional field he would
probably labor under the impression that
he would get some votes for the former
office from gold democrats and indepen-
dents, who would not otherwise be likely
to support him.

There is considerable ranking left in
the head of the politicians over the nomi-
nation of Col. Nutt for senator. The feeling
is not against the nominee personally, but
against the manner in which the matter
was decided.

Mr. Merriam's refusal to make pledges
regarding special legislation desired by
some of the smaller towns in his end of
the district is greatly to his credit, although
it lost him the nomination for senator.

Mr. George H. Bond did the handsome
thing in withdrawing from the senatorial
fight, and it will bear fruit in the future.

Alderman John W. Weeks has decided
not to enter the field as a candidate for
Mayor, although strongly urged to do so
by many prominent citizens.

The members of the Ward 7 Republican
Club and their friends will meet in Armory
hall, on evening of Oct. 25, for the pur-
pose of ratifying the nomination of Mr. S. L.
Powers as candidate for congress. Among
the speakers will be Mr. Powers, Alder-
man William F. Dana, candidate for repre-
sentative to the general court from this
district, Hon. H. E. Cobb and Mr. W. S.
Slocum.

Mr. W. S. Slocum of Newtonville is a
member of the committee recently ap-
pointed to nominate officers of the Re-
publican Club of Massachusetts.

The Democratic Senatorial Convention
in this district will be held at Hibernian
hall, 80 Framingham street, this evening.

The controversy over the nomination of
Mr. Henry E. Turner for state auditor,
on the Republican ticket, is causing con-
siderable hard feeling amongst the friends
of Gen. Kimball, who think he has been
used unjustly. Whether the success of
Mr. Turner is thereby imperilled, or not,
is only a matter of conjecture at the
present time.

new organ at Symphony Hall, Boston, on
Thursday evening, Oct. 25, by Mr. J. Wal-
lace Goodrich, will be pleasantly antici-
pated by all lovers of organ music.

The Y. M. C. A. gymnasium is now
open and classes have been formed to meet
as follows: business men's class, Wednes-
days and Saturdays 3 to 6 o'clock; seniors,
Tuesdays, Thursdays and Saturdays 8 to
9 o'clock and boys, Tuesdays, Thursdays
and Saturdays 4 to 6 o'clock.

—Hon. Peter C. Jones who has been the
guest of his sister Mrs. Henry K. Hobart of
Church street left Monday to attend the
meeting of the American Board in St.
Louis. Mr. Jones will return late in the
month to his home in Haverhill, Sandwich
Islands.

—About sixty active members of the re-
cently formed Newton Choral association
were present at the first rehearsal in the
chapel of Eliot church Monday evening. At
the business meeting some 75 were elected to
active membership and this will probably
be increased soon to 100.

—There is only one ladies hairdressing
parlor in Newton and that is Mrs. L. P.
Elliott-Anderson's. Here ladies desiring to
prepare for parties, weddings or receptions
can be served just as well as going to Bos-
ton. Ladies can be waited on at their resi-
dence if they desire.

—At the residence of Mr. G. Albert Aston
on Richardson street Tuesday evening
twenty-five friends of Mr. Warren D.
Turner gave him a surprise party. A
handsome suit case and umbrella were
given him, the presentation being made by
Mr. Harris E. Johnson. Mr. Turner leaves
Monday for his home in Albert, N. B. I

HAS ENDED.

Struggle in 1st Middlesex
Senatorial.

Republican Delegates Select
Col. Nutt.

The Republican delegates to the First
Middlesex Senatorial convention held the
third and as it proved, the final session at
Temple hall, Newtonville, last Wednesday
at two o'clock.

Chairman Henry D. Degen presided, and
after the filling of numerous vacancies in
the several delegations, Mr. William H.
Young of Abundale was recognized and
read the following letter:

West Newton, Oct. 10, 1900.
William H. Young, Esq., Chairman Ward
Four Senatorial Delegation, Newton
Mass.

Dear Sir—Unwilling to jeopardize the in-
terests of the Republican party, and the dis-
trict, I am convinced that I could best serve
those interests by withdrawing my name
from before the convention at this time.
Words cannot express my appreciation of
the efforts of my friends to nominate me
for this high office, and I consider it a great
honor in itself, to have had such loyal
support from them. As to their future
action, they remain unpledged and will
vote for what they consider the best in-
terests of the district. In a prolonged con-
test like this, few conventions can show as
clean a record and I wish, through you,
Mr. Chairman, to congratulate the officers
and delegates on the conduct of the matters
that have come before them, and I feel that
any candidate they may see fit to nominate
will be acceptable to and supported by the
party, so that when the returns are counted
it will be shown that the First Middlesex
District will, as it should be, be repre-
sented by a Republican in the Senate.

Thanking you Mr. Chairman and gentle-
men of the convention I am
Respectfully yours,
GEORGE H. BOND.

This action of Mr. Bond's was heartily
applauded by the convention, who fully
appreciated his position, and it is needless
to say that it raised him considerably in
the estimation of the delegates.

The convention then proceeded to the
7th ballot, and it was soon apparent that
the withdrawal of Mr. Bond had not sim-
plified the situation, the ballot resulting as
follows:

Whole number of ballots	57
Necessary for a choice	29
Henry L. Brown had	2
John T. Langford had	3
Wm. Nutt had	11
R. H. Leland had	8
John M. Merriam had	16
Henry R. Skinner had	17

The following ballots were then cast:

No.	Merriam	Skinner	Nutt	Leland	Brown	Langford
98	16	18	8	10	2	2
99	19	18	8	8	2	2
100	20	14	8	8	2	2
101	22	13	15	1	2	1
102	22	12	17	1	4	1
103	23	15	15	1	1	1
104	25	11	13	6	2	1
105	27	11	10	10	2	1
106	27	0	13	9	3	1

After the 106th ballot a motion for a ten
minute recess was voted down 28 to 21, but
was resumed after the next ballot and
carried by a vote of 29 to 26.

CITY GOVERNMENT.

EIGHT ALDERMEN WAIT TWO HOURS FOR QUORUM AND THEN DRAW THREE JURORS.

The aldermen have found that special meetings for the drawing of jurors are almost as tiresome as were the unpopular midnight sessions of last year. Monday evening a special session was called, and although eight members were present in good season, it was not until 10 o'clock that the much-desired quorum was completed by the arrival of Aldermen Weldon, Hutchinson and Bailey.

It was a tedious wait for the faithful and punctual double quartet, the members of which were forced to discuss politics while the time dragged on. City Messenger Wellington kept carriages hustling in all parts of the city, and in this way was successful in securing the necessary number of 11.

When it came to the business of the evening these jurors were drawn: W. H. Cooley of Central street, Ward 4; W. B. Draper of Lincoln street, Ward 4; and S. S. Crocker of Elmwood street, Ward 7.

Alderman Dana presented a request which the board voted informally to address the city clerk, asking that official to communicate with Clerk of Courts Theodore C. Hurd of Middlesex County and ascertain if the Newton aldermen might not be given 21 days' notice when it was necessary that jurors should be drawn from this city. The board will consider this matter at its regular session next Monday.

Another matter considered informally last Monday evening was the question of payment for use of Brookline sewers. More than 200 acres of Newton land in the Chestnut Hill district will have to be drained through Brookline sewers. There has been no settlement in the past eight years although the subject has been often discussed.

Brookline now desires to construct a drain through land at Chestnut Hill on Middlesex road. In fact the contractors have gone ahead without permission from this city, as was told in the GRAPHIC last week.

Their work was stopped by the police, but now it may proceed as a result of a conference between Mayor Wilson and the selectmen of the town of Brookline, held Monday afternoon.

The town of Brookline has agreed to accept \$11,000 for the use of its sewers, and Newton is willing that the drain be constructed as is desired by the town officials.

Lexington Street Betterment Assessments

To the Editor of the Graphic:

Permit me a few words upon the above subject, suggested by your editorial of last week. Doubtless the betterment law is a wise and good one, and is often invoked for the collection of just and reasonable betterments. But injustice is sometimes done under good and wise laws, and this appears to be a case of that kind. There is no suggestion of intended wrong on the part of the Board of Aldermen, but let us see if a mistake has not been made. In the first place the law, as I understand it, gives no right to assess a betterment upon property on the ground that said property has been increased in value by a street widening, but only upon the ground that it has been increased in value over and above all other property in the city. Please bear in mind this distinction, for it is very important.

Lexington street before this widening was somewhat in the form of a bottle with the neck toward the village. From River street to Freeman it was 60 feet wide. From Freeman street to Auburn it was 40 feet wide. Who was responsible for this lay out we do not know, but in the course of the city's growth the neck of the bottle became too narrow to properly accommodate the travel over this thoroughfare. The public convenience required the establishment of an electric line between Waltham and this part of the city, and the narrow street rendered it impossible to establish the same and preserve the safety of the traveling public. Therefore the street was widened.

It was done for the public benefit and not in any sense for that of the abutters. Why should their property be assessed betterments, while the northern part of the street, which was laid out originally 60 feet wide is exempt? All this property has the full benefit of this widening in its travel to and from the village. It has already been benefited more than that abutting upon the widening. The whole village of Auburndale has been benefited by this widening, and I do not believe that an intelligent jury after hearing all the evidence would say that the property along the line of the widening has been benefited over and above all other property.

Auburndale has another widening before the city government, viz., that of Auburn street. What is the argument for this? Is it that property along Auburn street needs it and will be greatly improved by it? Not at all. It is that the approach to the widening from that part of the city is too contracted even for carriage travel, and that in order to obtain our much needed electric line connecting our village with the lower part of the city, a widening of Auburn street is absolutely necessary.

To assess betterments upon the property abutting upon Auburn street for expenses incurred in making this much needed public improvement would in my opinion be unjust and a perversion of the intent and purpose of the law. The circumstances are very similar in the case of Lexington street. Another circumstance which should relieve those who now stand assessed from the payment of this tax, is the fact that only a part of the abutters have been levied upon. Wherever land was taken and sold for the assessment has been remitted, (as it should be) in the case of my own property, I sold a small tract of land to the city for this widening. I received a fair price for the same, but I stipulated that there should be no betterment assessment. I had recently paid one such assessment to the city under protest, and had not forgotten it.

I must say I cannot perceive any good reason why those who sold land for this widening, for presumably its full value should go "Scott free" while those who were not so fortunate as to make a sale are assessed a betterment. Possibly I am dull but my experience in the matter of betterment assessments leads me to feel that the citizens of Newton had better be on the look out for street widenings, and see to it in advance that their property is protected from an unreasonable and unjust interpretation of the law.

Meeting of Maynard Chapter.

The Maynard Chapter of the Newton Natural History Club held its regular meeting last Friday evening at its rooms on Crafts street, Newtonville. Mr. Maynard presided for the last time prior to his departure for Europe.

After the transaction of important business informal notes of the observations of the different members were read, after which there were papers as follows: Miss Mildred Robinson on "The Star Fish," Miss Marion Hawes on "The Slate Formation of Our Coast," Miss Helen Noyes on "Mushrooms" and Mr. Maynard on "Systematic Zoology."

The meeting closed with expressions of thanks for Mr. Maynard's kindness and with best wishes for a delightful trip.

COL. WM. NUTT, OF NATICK.

Col. William Nutt, who has received the Republican senatorial nomination in the First Middlesex District, was born in Vermont and has been a leading citizen of Natick for the past forty years. He became of voting age at the time the Republican Party was formed and followed the leadership of Henry Wilson in Massachusetts politics, and has been a steadfast Republican ever since.

At the breaking out of the war in 1861 he enlisted in Co. I, 2nd Massachusetts. Subsequently he was an officer in the 5th Mass., and afterwards Captain, Major and Lt. Col. in the 55th Mass.; was breveted at the close of the war Colonel U. S. Volunteers for gallant and meritorious service.

After he returned home he studied law, was Representative in the General Court 1871 and 1872, has been Moderator of many town meetings, has been three years chairman of the Board of Selectmen and six years Trial Justice, and for more than thirty years has been the attorney and a member of the Investment Board of the Natick Five Cents Savings Bank, a position that he occupies at the present time.

LAST SATURDAY'S GOLF.

The Newton Centre Golf Club held the qualifying round of 18 holes for the club championship last Saturday. There were 30 entries, and the following 16 qualified for the first round:

W. Wadsworth, 86; E. M. Noyes, 90; G. W. Pratt, 91; W. M. Noble, 94; C. W. Royce, 95; P. Gilbert, 96; J. F. Scully, 96; Henry Haynie, 98; W. H. Rand, 99; A. A. Tilney, 100; J. D. Greene, 101; H. E. Clifford, 102; E. H. Kidder, 102; W. B. Merrill, 102; W. Whittemore, 104; H. Bally, 105; A. Shannon, 105.

The first round must be played off on or before next Saturday, the second round on or before Wednesday, Oct. 17; the semifinals, on or before Oct. 19, and the finals, 20 holes, Oct. 20. The eight players defeated in the first round for the championship cup will play for a consolation cup, the final for which, 18 holes, must be played off by Oct. 21.

The drawings for the first rounds of the championship contest follow: Wadsworth vs. Greene, Haynie vs. Whittemore, winner of the Shannon-Bally tie vs. Clifford, Gilbert vs. Pratt, Noble vs. Rand, Merrill vs. Kidder, Tilney vs. Royce, Scully vs. Noyes.

The qualifying round for the Founders' cup was finished last Saturday at the Brae-Burn club. Play was 18 holes, medal competition, and eight members qualified for the first round.

At the Newton Golf Club, last Saturday, an 18-hole women handicap bogey tournament was the feature. Miss Olive Morrison, with a score of 3 down, handicap, 15 won.

A Fiendish Attack.

An attack was lately made on C. F. Coiler of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. "This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Arthur Hudson's Drug Store."

Championship of Newton.

Plans have been made for the holding of an all-Newton championship golf tournament, similar to that held last fall at the Newton Golf Club. A committee of two members from each of the large clubs has the matter in hand. This year the tournament will take place at the Brae-Burn club, the qualifying round to be played on the 15th and 16th inst., 36 holes. Beside the championship prize there will be a consolation prize, and the prize for the runner-up and the lowest gross score. The committee in charge are A. B. Cobb and E. A. Wilkie of the Newton Club, A. A. Tilney and W. B. Merrill of the Newton Centre Club, and H. L. Ayer and G. T. Lincoln of the Brae-Burn Club.

At the Brae-Burn Club Monday two of the four matches in the first round of the Founders' cup tournament were played off. George Wright beat Dr. J. C. Jones, and C. I. Travell beat G. A. Frost.

At the Newton Centre Club, Monday, the home team played a return match with the Newton Golf Club in the series for the Cobb cup. Each team consisted of 10 men, and the match was halved, each side scoring five points. The scores were based on the Tuxedo system.

Police Paragraphs.

A man who engaged lodgings at the house, 32 Willow street, Newton Centre, one day last week left early this week with a suit of clothes, underclothing and an overcoat, the property of W. S. Keith. The goods were valued at \$35.

There was an inquest held last Saturday morning in the police court, Judge Kennedy presiding, to ascertain the circumstances surrounding the death of Bartley O'Connor of Brookline who was struck by a train on the circuit tracks 300 feet east of the Reservoir station on Sept. 22. The engineer, fireman Fred L. Mason, conductor, T. W. Carter, of the train which left Boston at 6.25 a. m., on that day, Mrs. Della O'Connor, widow, Dr. West, Lieut. Ryan and Patrolman W. C. Allen were the witnesses. The fireman says he saw O'Connor at least 200 feet ahead before he was struck. At that time he was walking between the tracks. He rang the engine bell in warning. The engineer did not see O'Connor until the engine struck him. The court's decision was reserved.

There was a large number of continued cases for the probation officer to report on last Saturday, but the most interesting was that of William Robinson, colored, who annoyed a Newton Centre lady last May and June by his obnoxious behavior and was ordered by the court never to enter that village again. Robinson told the court last Saturday that he had been making every attempt to lead a highly moral life and that he was constantly reading and studying. The officers on the case substantiated these statements and the case was placed on file.

Sergt. Clay and Patrolmen David Neagle and Dolan were called to a house on Pine street, West Newton, about 1 o'clock Sunday morning where a drunken disturbance was in progress. They arrested Patrick Madden, Mrs. Grace Di Censo and Mrs. Ellen King. In court charges of disturbing the peace and drunkenness were preferred against each of the trio. Mrs. Di Censo was fined \$20, and fines of \$10 imposed upon Madden and the King woman for disturbance. In addition they were committed to the state farm at Bridgewater for drunkenness.

Thieves broke into the house of Mr. and Mrs. Thomas Kingsbury 294 Centre street sometime within two weeks and removed a large quantity of jewelry and silverware. The break was not discovered until last Friday evening when Mr. and Mrs. Kingsbury returned and found that the house had been ransacked from top to bottom. There is being made a thorough investigation as the police are much aroused because of another break which occurred within three weeks in a house on Franklin street, Newton. Much of the property taken from the latter place, however, has been recovered by Inspector Fletcher.

Newton Co-operative Bank.

The Newton Co-operative Bank, located in Newtonville, is a very popular institution. It now has over 1200 members. The profits credited to shareholders the past six months were at the rate of 5 per cent. per annum. Francis A. Dawson is president of the bank and Edwin S. Gay, vice-president. The secretary-treasurer, J. Cheever Fuller, says of the bank's operations: "In May last we matured 78 shares in series No. 1, at \$200 each, the time being 11 years eight months; payments, \$140, and interest credited, \$60. We have this month retired 300 shares in series Nos. 8, 9, 10, 11, 12, 13, and 14; total payment, \$39,000. The dividend on matured shares for the past year, but we have not had to carry very heavy balances. Most of our loans have been made at 5.75 per cent., and some small ones at 6. We have just started our 25th series of shares, which mature on second series sometime in November. The bank's real estate loans are \$500,889; share loans, \$17,685; guaranty fund, \$14,600; surplus, \$2,923.92."

Politics.

A laughable incident of the adjourned meeting of the Republican Senatorial convention at South Boston last Saturday afternoon and evening was the reading of a telegram from Mr. Abner Greenwood of Ashland, stating that if nominated he would accept in a letter directed to the chairman.

RENOMINATED.

S. O. Upham For County Commissioner.

The Choice of Republicans in Convention.

In the midst of a pouring rain the Republican delegates to the Middlesex County convention assembled at Huntington hall, Lowell, last Tuesday morning, for the purpose of nominating a County Commissioner for three years, and a Register of Deeds for both the northern and southern districts. On arriving at the hall the delegates surrendered their credentials to a committee of which Hon. Geo. J. Burns of Ayer was chairman, and whose acts were subsequently ratified by the convention. On assembling in the hall, Hon. James Pierce of Malden was chosen temporary chairman and Mr. Henry W. Pitman of Somerville, temporary secretary, and the committee on credentials was then appointed.

Upon the acceptance of their report the temporary organization was made permanent, and a recess was then taken to allow the different districts to nominate a Register of Deeds. Col. A. M. Chadwick of Lowell as chairman and Edward A. Silvens of Dracut as secretary, the northern district delegates nominated Joseph P. Thompson and immediately adjourned. The first ballot of Malden was elected chairman and Mr. H. W. Pitman of Somerville, secretary of the convention of southern district delegates, and Edwin O. Childs of Newton was nominated on motion of Mayor Champlin of Cambridge, and this convention also adjourned.

The session of the county convention was then resumed, ex-Mayor Pierce in the chair, and on motion of Judge J. J. Fieldman of Lowell, Joseph O. Hayden of Somerville was nominated by acclamation for County Treasurer, and the delegates settled themselves for the only contest before the convention.

In an eloquent and liberally applauded speech, Samuel O. Upham of Waltham was nominated for the office of County Commissioner for three years by Hon. Chas. J. Pierce, Malden. Mr. A. G. Walsh of Lowell presented the name of George A. Roper of Lowell, and Col. H. E. Harwood of Littleton performed a similar service for Senator Frank A. Patch of Roxbury.

The first ballot resulted in the renomination of Mr. Upham, who received 224 votes. The whole ballot was as follows:

Whole number of votes.....305
Necessary.....153
S. O. Upham.....128
Frank A. Patch.....107
George A. Roper.....64

The nomination of Mr. Upham was made unanimous by acclamation, and then this county committee was elected: James Pierce, Malden; Edgar R. Champlin, Cambridge; Alva S. Wood, Woburn; George W. Stetson, Medford; Henry W. Pitman, Somerville; William F. Wilder, Lowell; George J. Burns, Ayer; Arthur G. Pollard, Lowell; William M. Flanders, Newton; Frederick W. Dallinger, Cambridge; and William J. Schoppert, Everett.

The county committee was granted authority to fill any vacancies which may occur in the nominations made by the convention, which then adjourned to partake of a substantial spread provided by the Republicans of Lowell.

New Telephone Exchange.

Owing to the rapid increase in the number of subscribers in the present Haymarket telephone exchange, the New England Telephone & Telegraph Company has found it necessary to divide the district, making two exchanges in place of one. On or about Jan. 1, 1901, a new exchange will be opened under the name of "Richmond," and subscribers located within the district bounded by the harbor, Charles river, a line from the Charles river to Causeway street, between the North Union passenger station and the old Fitchburg passenger station, the subway from Causeway street to Haymarket square, Washington street, Adams square, Dock square, South Market street, Merchants Row, Chatham street, Chatham Row, State street and a line between T wharf and Long wharf, will be transferred to the new exchange.

As a consequence of the establishment of numbers within the new district, the designation "Boston," which has heretofore been employed for the Milk street exchange, has ceased to be distinctive and on Jan. 1 the use of this name will be discontinued and the name "Main" substituted.

Street Railway Matters.

FOR STATE SENATOR.

Col. William Nutt has been selected as the nominee of the republicans in the First Middlesex District. This result was not reached however until after the record breaking number of 107 ballots had been cast, during three separate sessions of the convention. We regret that the delegates should have descended to the level of a lottery to determine the nominee and another disappointing feature of the result, is that a combination was made by those candidates who would pledge themselves to support certain legislation, favorable to the upper ends of the district, as against those who absolutely refused to make any pledges whatsoever.

At the Wednesday session, Mr. Merriam's strength grew slowly but steadily and without doubt, would have been nominated had the recess been refused. Mr. Merriam has made a strong and clean fight for the nomination, and we are sorry that he was not nominated, although he would have been successful, had he taken the pledge requested by some of the opposing delegates.

Mr. Bond, also, comes out of the contest with the highest esteem of those interested on account of his manly and straightforward letter of withdrawal placing party success above personal promotion, and his action will be remembered in the future.

Notwithstanding the haphazard manner in which Col. Nutt received his nomination, there is not much doubt but what he will be elected, a presidential election usually bringing out the reserve republican vote, and the anticipated re-election of Senator Hoar will attract the support of even the most lukewarm members of the party.

PLAY GROUND.

Attention is called to a communication from Mr. Blakemore in another column, relative to the need of a playground in the wards one and seven district. Since the laying out of Farlow park there has been no convenient place for the boys and young men to play ball and practice athletic sports, in this vicinity, although the matter has been sporadically agitated several times. The late Alderman J. Sturges Potter was a strong advocate of securing a sufficient lot of land for the purpose before the growth of buildings encroached on what might be considered as available sites. Since his death, however, the subject has been dropped and we are glad that Mr. Blakemore has interested himself in the matter.

An improvement society similar to the present organizations in Auburndale, Newton Centre, and Newton Highlands, is what is needed in this village, and the subject of playgrounds would be a proper matter for such a society to take up. In this way the whole village would become interested and some systematic method adopted to secure the necessary funds. The city government has always met the citizens half way in enterprises of this character. And there is no doubt but what the city would contribute its share of the amount needed to purchase the most available location. We would like to see the representative men of the village form such a society, and all work together for the best interests of the district.

THE NEWTON CLUB.

The fixtures of this popular organization have just been announced by the entertainment committee, and are of a character to fully justify the claim that this Club is second to none in this portion of the state, in the number, variety and standard of the attractions offered its members.

The list includes 24 gentlemen's nights, of smokers, music, etc., as well as 14 evenings devoted to whist. In addition to these the ladies are given 7 matinees of music and cards, 11 evenings of music, lectures and dancing and 13 evenings of whist. The whole winding up with the popular promenade concert, on Wednesday evenings in June.

Such attractions should command the support of all the gentlemen in the city, and make this the most popular club in this vicinity.

MAYOR WILSON has informally notified the Board of Aldermen that the authorities of Brookline have agreed to allow this city to sewer 203 acres of land at Chestnut Hill through the sewers of that town for the sum of \$11,000. This is a substantial victory for the city, as the first figures submitted by Brookline called for \$18,000 payment, this was later reduced to \$15,000, then to \$12,000, or about \$55 per acre. A similar settlement made with the city of Boston a few years ago was on a basis of

\$51 per acre, so that the Brookline figures are not excessive. The city also allows Brookline to construct a drain from Boylston street improvement, through Newton territory for a short distance. This settlement will undoubtedly be ratified by the Board of Aldermen and thus finally close up a matter that has been before the city government for several years.

ATTENTION is called to the route to be taken in order to reach the new Symphony Hall by the electric, as announced in another column. The Elevated promise a through car, if the patronage is large enough. Such a line would be of great service to Newtonians.

At The Churches.

The W. C. T. U. will hold an Evangelistic meeting on Tuesday, Oct. 16 in the Baptist vestry West Newton at 3 o'clock.

At the N. E. Branch of the Woman's Foreign Missionary Society held at Springfield this week, Miss L. M. Hodgkins of Auburndale was elected first vice-president, and Miss C. Butler of Newton Centre was elected the home secretary.

The feature of the evening programme on Wednesday was an address by Miss Louise M. Hodgkins on the subject "A guest of missions." Miss Hodgkins went around the world with Dr. and Mrs. Francis E. Clark, a Christian endeavor fame, and her talk was descriptive of the work done in the missions in foreign lands. She referred to the great opportunity afforded her to see the mission work, and said the interesting personalities exceeded the interesting places in point of value in her mind. She spoke of some "new women" who are Christian women in the Orient. The speaker then named 10 great pictures in the Orient. These were Tokio, Nagasaki, Nikko, Kyoto, Shanghai, Fochow, Hong Kong, Singapore, Peking and Colombo. Miss Hodgkins then put some questions to those who say they are not interested in foreign missions, and closed with some apt stories by way of illustration.

Mrs. W. T. Worth entertained the wives of the pastors of the Methodist Episcopal churches of the Cambridge district at her home on Central street, Auburndale, yesterday afternoon.

The annual meeting of the Ladies' Aid society connected with the Church of the Messiah, Auburndale, was held at the home of Mrs. N. F. Nye, Grove street, last Monday. Reports of a satisfactory nature were read from the secretary and treasurer and the following officers were elected: President, Mrs. John Matteson; vice president, Mrs. N. F. Nye; secretary, Mrs. Walter C. Ware; treasurer, Mrs. V. D. Baldwin.

The annual reception to the pastor of Eliot church, Newton, was held in the chapel last evening and was attended by nearly 300 members of the parish. Rev. Dr. and Mrs. Davis were assisted in receiving from 7:30 to 9:30 by Deacons H. E. Barker, Jr., C. Emerson, D. B. O. Gordon, Thomas Weston, J. Howard Nichols and F. A. Day. During the evening a musical program was rendered by the quartet of the church. Refreshments were served at 9:30, the tables being presided over by Mrs. B. W. Fredericks and Miss Kate Potter.

Rev. Rush Rhees, until recently a member of the faculty of the Newton Baptist Theological Institution, was inaugurated president of Rochester University yesterday afternoon.

Under the auspices of the Sunday School teachers of Newton it is proposed to hold, in November an institute for the study of child nature, its training and teaching in the home and in the school. Mr. Edward P. St. John, the extensive lecturer of the annual college at Springfield and an expert student in such studies, will conduct the course, giving a series of lectures on the afternoons and evenings of Nov. 11-15.

LONGAVITA

THE TABLET OF LIFE

(Pills At Langman Vitam.)

The Scientific Discovery of the Age!
The Magic Key to the Mystery of Life!

From time immemorial it has been man's premonition and ambition to prolong life. But among the many brilliant minds who have devoted their lives to this fascinating subject, it was left for the immortal Darwin to give the world, in his great theory of Life, the fundamental principle upon which to build all further research in this direction. Following closely in his footsteps came Prof. Dr. Ludwig Buchner, a German scientist of international renown, with his remarkable work entitled "Das Buch des Langen Lebens" (the book on Longevity). But alas, like Darwin he too died, and he could never reveal the fruit of his wonderful doctrine. Others how, however, great, took up the interrupted thread, and the result that two famous German scientists, after years of experiments and research, have at last discovered the secret of Longevity, in the shape of a remarkable Vegetable Compound which if properly used will positively prolong life. This new remedy, appropriately named "Longavita" (meaning Long Life) has been subjected to the most rigid tests at all the leading clinics and hospitals throughout Europe with marvelous results. Appreciating the importance of this discovery, we have acquired at enormous cost, the exclusive privilege to bring this truly wonderful preparation, which has proved a blessing to mankind, to "Longavita" is the true Tablet of Life, a rejuvenator par excellence embodying the veritable secret of longevity in a practical, feasible form. It is the fountain of perpetual youth, which it prolongs far beyond its present limits, while retaining health in a perfectly normal state. "Longavita" brightens the eye, stimulates mental activity, gives elasticity to the step, makes the face full, abolishes wrinkles, cleanses the system, purifies the skin, and is the only true Fonce de Leon remedy for old and young of both sexes. Endorsed by Europe's leading physicians.

Williams, the assistant postmaster at Newton Centre. The ceremony was performed by the Rev. Henry F. Colby, D. D. The maid of honor was Miss Elizabeth Colby, the best man, Mr. Frank Colby. Mr. and Mrs. Williams will make their home in Newton Centre.

REV. MR. WORCESTER'S MEMORY.

Yesterday at the New church building on Highland avenue, Newtonville, was held the annual meeting of the New church society of Massachusetts. There was a business session in the morning, at which Rev. James Reed of the Bowdoin street church, Boston, presided. Reports of the different branches were read and adopted. In the afternoon at 2:30 there was a service in memory of Rev. Mr. Worcester held in the auditorium, which was completely filled. The dedicatory portion of the exercises were conducted by Rev. James Reed, who introduced the speakers. The first address was by Rev. Theodore F. Wright, an associate of Rev. Mr. Worcester, and now of the New Church Theological school at Cambridge.

Chief Justice Mason of the Massachusetts Superior Court read a paper on "What Mr. Worcester Was to the Smaller New Church Societies." Other speakers were Rev. John Hayes of Salem, Rev. William H. Mayhew of Yarmouth, Mr. John G. Thompson, Mrs. Herbert S. Kempton and Rev. H. Clinton Hay of Boston.

A special musical program was given, with solos by Mrs. George R. Pulsifer and an original composition dedicated to Rev. Mr. Worcester by the church organist, Mr. A. Perry Walker.

The committee of arrangements was made up of Miss Margaret C. Worcester, Mrs. John W. Lockett, Miss Martha Carter, Miss Grace Thompson, Mr. George Royal Pulsifer, Mr. Albert Edward Hooper and Mr. Frederic Hale Keyes.

PUBLIC SCHOOL AFFAIRS.

Superintendent of schools A. B. Fifield announces that 68 pupils are in attendance at the Jackson building where the sessions of the evening school are being held, and that 12 pupils attend the free drawing school at Newtonville.

There has been considerable criticism of late because the Newton & Boston street railway has been using open cars during the stormy days this week in conveying pupils from Newton to the temporary quarters for the Bigelow pupils in the Adams school building at Newtonville.

The explanation given out is that the company expected the new Bigelow building to be ready for occupancy Oct. 1, and in consequence disposed of all extra box cars during the summer.

By an arrangement with the managers of the local telephone offices information will be furnished to those subscribers who may inquire on rainy days whether or not the "no-school" signal has been rung on the fire alarm. As there are many who live beyond long distance of the bell the new plan of Supt. Fifield's is sure to prove a great advantage.

It is expected that the new Bigelow building on Park street will be ready for occupancy Nov. 1. The school board and the superintendent are ready and await the turning over of the keys by the city government.

WOODLAND PARK HOTEL.

The following are the arrivals at the "Woodland Park" during the week: Miss E. P. Nichols, Mr. and Mrs. W. G. Stetson, Mrs. Lee Hoffman and family, Mrs. A. N. Allen, Miss A. H. Bone, Mrs. J. E. Walker, Mrs. Walker, Mrs. O. S. Jones, Miss Mary E. Jones, Mrs. G. J. Quinsier, Miss Genevieve Quinsier, Boston; Mrs. L. F. Carr, Springfield; Fred M. Gooding, Mrs. R. A. Gooding, Miss L. L. McManus, Portsmouth; Miss Williams, Misses S. D. and M. C. Williams, Philadelphia; Mr. W. C. Carnegie, Pittsburgh; Mr. H. E. Soule, Portland, Me.; Mr. and Mrs. Thomas Upman, Medford; Mr. and Mrs. Pierre P. Lahens, Mr. W. H. A. Fischer, Mrs. John H. Boynton, Miss Isabel Boynton, Mrs. Lahens, Miss Marie H. Lahens, Mr. Louis E. Lahens, Mr. Thomas J. McMahon, Mr. and Mrs. Robert Bennett, New York; Mr. Charles A. Persons, Worcester; Mr. and Mrs. C. R. Jameson, Mr. and Mrs. Windle, Montreal; Miss Mary Maxwell, Wheeling, West Va.; Mr. A. R. Malmes, Los Angeles, Cal.; Miss F. W. Browne, New London; Dr. and Mrs. Uley, Brooklyn; Mr. and Mrs. E. G. Dumas, Lowell; Mrs. Frank A. Newell, Miss Edith Newell, Bradford, Pa.; Miss Agnes Gar, Richmond, Ind.

Mr. Butler is arranging a putting green in the Casino so that the golf enthusiasts can play through the winter. There will also be a chance to drive 125 feet.

NO CONTEST.

Dana and Bullard Are Not Opposed.

Will Be Candidates For the General Court.

The delegates to the 16th Middlesex District Republican convention chose as their candidates for representatives to the general court Alderman William F. Dana of Ward 7 and ex-Alderman George P. Bullard of Ward 3.

The meeting was called to order by Col. D. W. Farquhar, chairman of the Republican city committee, who spoke of the necessity of a large Republican vote and urged those present to exert every effort that all voters might be brought to the polls.

Alderman Edgar W. Warren was elected temporary, and later, permanent chairman, and Charles E. Hatfield, secretary.

The committee on credentials consisting of Messrs. C. S. Luitwiler, A. R. Weed and Ernest Winsor reported that there were 47 delegates present out of a total of 47, after which the chairman announced that nominations were in order.

Ex-Mayor William P. Edson placed before the convention the name of Alderman W. F. Dana, and the nomination was cordially seconded by Alderman John W. Weeks.

Ex-Alderman George P. Bullard's name was presented by Mr. Henry Whitmore of Ward 3, and seconded by Alderman O. M. Fisher of Ward 1.

There were no other nominations and then ballots were cast with this result: Alderman Dana 41, ex-Alderman Bullard 39 and N. Henry Chadwick 2.

Upon motion of Col. Farquhar a resolution was adopted requesting the board of aldermen to keep the polls open on election day until sunset.

After which the convention adjourned, having been in session but twenty minutes.

STREET RAILWAY MATTERS.

—Joseph Abbott, the starter for the elevated road at Nonantum square, has returned from a three weeks' vacation trip.

Two new cars of the Newton Street railway arrived on Thursday.

Ladies and others desiring to attend the Symphony rehearsals, are reminded that the So. Boston cars leaving Nonantum square, at 1:43 p. m., will make good connections with the Allston-Brookline village car at Coolidge corner, and for which free transfers are given, and arrives at Symphony Hall at 2:25 o'clock.

The next regular meeting of the Home Circle will be held in the Unitarian church parlors West Newton on Wednesday Oct. 17, at 2 p. m.

—Chamber Furniture.
The finest line of Chamber Furniture in the city this season is undoubtedly to be found in the war rooms of Morris, Murch & Butler, 42 Summer street, Boston. There are some very fine designs in all brass beds and mahogany bureaus. They are also showing a very strong line of maple and oak and curly birch bureaus and chiffoniers at remarkably low prices. If only out of curiosity, their store at this season of the year is well worth a visit.

—Mortgagee's Sale of Real Estate
Pursuant to the power of sale contained in a certain mortgage deed given by Frederick S. Small and Arabella Small to Sarah L. Parker, dated April 2, 1898, and recorded with Middlesex (South District) Deeds, book 2615, page 111, hereinafter described, for breach of the condition of said mortgage, and for the purpose of enforcing the same, on MONDAY, November 5, 1900, at 3 o'clock P. M. all and singular the premises described substantially as follows:
A certain parcel of land with the buildings thereon, situated in that part of Newton, in the county of Middlesex, called Waban, being lot marked "B" on a plan by Elmer G. Mann, dated January 11, 1897, and recorded with Middlesex (South District) Deeds, at the end of book 257, and bounded and described as follows: Beginning at the most northerly corner of the premises, at a stone bound on the southwesterly side of Neholden road, at land now or late of Russell Marston, thence running southeasterly by said Marston, by a curved line, with a radius of fifty feet and fifty two and 80 feet, one hundred feet to another stone bound; thence southeasterly by lot marked "A" on said plan, one hundred and fifty one and 75 feet; thence northwesterly on other land of said Arabella Small, ninety-nine and 80 feet to an other stone bound, at said land now or late of Marston, thence northerly by said land now or late of Marston, one hundred and fifty one and 75 feet to the point of beginning—containing fifteen thousand square feet.
Being a portion of the premises conveyed to said Arabella Small by John Lathrop Wakefield, by deed dated September 30, 1897, duly recorded with Middlesex (South District) Deeds, book 2615, page 111.
Said premises are to be sold subject to the restrictions in said mortgage deed referred to, and to a prior mortgage for the sum of five thousand dollars given by said Frederick S. Small to Mary J. Wakefield, dated February 9, 1897, recorded as aforesaid, book 257, page 51, subject also to any unpaid taxes and other public assessments.
Two hundred dollars of the purchase money to be paid at time of sale. Other terms made known at time and place of sale.
For further particulars inquire of Read, Vinton & Wakefield, 115 Main street, Boston, Mass., or of SARAH L. PARKER, Mortgagee.

—NOTICE is hereby given that the subscriber has been duly appointed public administrator of the estate of JOHANN MCCARTY, alias JOHANN MCCARTY, late of Newton, in the county of Middlesex, deceased, intestate, and has taken upon himself that trust by giving bond, as the law directs. "KO-NUT"

A Pure Coconut Fat.

Not a "Substitute" for, but a complete "Superceder" of, lard or butter for cooking.

The Finest, Purest and Most HEALTHFUL article for cooking is the product of the coconut now being sold under the Trade-Mark name of "KO-NUT". This material is a perfect superceder of butter or lard for every use in which those substances were ever put, and being a fruit product of absolute purity, is preferable in every point of comparison.

It is more ECONOMIC than lard one-half or two-thirds as much KO-NUT is required to do the same work as lard.

In 3 and 5 lb. cans at all Grocers.

Larned-Monk.

The wedding of Miss Mildred Louise Monk, the daughter of Mr. Ella L. Monk, and Mr. Eliot Fay Larned of Newtonville, took place Wednesday evening, Oct. 10th, at the Church of the Messiah, St. Stephens street, Boston, the wedding march being played by Mr. J. Wallace Goodrich, formerly of Newton.

The bride's gown was of white satin with pearl trimmings. She carried white lilies. She was given away by her brother, Horace A. Monk. Mr. Russell Cabot Gibbs was best man, and Miss Louise Larned was maid of honor. There was a reception at the home of the bride's mother after 6.30. Mr. Larned is now settled at home on 135 Hemenway street, Boston.

Priest-Langford.

On Tuesday night at Grace church took place the wedding of Miss Ellen Mabel Langford, daughter of Mr. and Mrs. John T. Langford of Newton, to George Wesley Priest of Watertown. It was solemnized by the Rev. Dr. George W. Shinn, assisted by the Rev. James C. Sharpe of Watertown, Mass. The maid of honor was Miss Mabel E. Priest, sister of the groom, and the bridesmaids were Misses Josephine Bleeker and Adeline Kimball of Boston. The best man was Henry M. Stegman of New York, who with the Rev. Mr. Sharpe was a college mate of the groom at Harvard.

The ushers were F. A. Duneka, William Henry Frost and William N. Dickinson, all of New York; Frank K. Priest of Boston; Charles Frederick Fitz and Benjamin S. Priest, brother of the groom, of Watertown.

The bride wore a gown of liberty satin crepe de chene, and point lace. Her brooch of diamonds and pearls was the gift of the groom. The maid of honor wore white with a gown of tulle. The bridesmaids wore gowns of the bridesmaids were white silk with garniture of white lace. All three wore veils of chiffon.

A reception confined to the immediate family was held at the home of the bride's parents, Waban Park, Newton. The church and house were decorated with palms, ferns and flowers. After their honeymoon trip the young couple will live in East Orange, N. J.

Cate-Bowen.

Monday morning at the home of the groom's uncle Mr. Frederick Mills of 36 Haverstreet, Newton Centre, took place the wedding of Miss Lillian Irene Bowen of Boston to Mr. Henry F. Cate of West Newton. The ceremony was performed at 11 o'clock by Rev. Edward T. Sullivan, rector of Trinity Episcopal church of Newton Centre, and was witnessed only by a small company of relatives and immediate friends. The bride wore a becoming gown of pink silk, and carried bride roses. She was attended by her sister Mrs. Elizabeth Bowen of Boston. The best man was Mr. Richard B. Hunt of West Newton. Immediately following the ceremony a wedding breakfast was enjoyed, after which the young couple left on an extended wedding tour. Upon their return they will reside at 44 Webster street West Newton.

Two Fires on Tuesday.

At 3.20 o'clock Tuesday morning there was an alarm from box 83, situated at the corner of Waverley avenue and Kenilworth street, Newton, and when the fire department arrived there was no fire to be found. The glass door of the box had been broken and it was evident that some miscreant had sounded the alarm. At 8.40 the same morning box 29 was rung in for an incipient blaze in a shed in the rear of the residence of James O. Watson, 130 Edinboro street, Newtonville. The blaze originated among some tanks of kerosene and naphtha, and was caused, it is believed, by sparks from a pipe.

FIRST RALLY.

Mr. Powers' Nomination Ratified.

Torchlight Parade Held Also In His Honor.

The first public indication of campaign enthusiasm in this city was the rally held in Armory hall last Friday night under the auspices of the Ward 7 Republican Club. It was modestly termed "a neighborhood ratification of Mr. Powers' nomination for congress," but attained the proportions of a first-class rally with torchlight parade accompaniment.

That it was a complete success was shown by the well filled hall, and the rounds of applause which greeted each speaker. The attendance quite exceeded the expectations of the club committee and the speeches pleased everybody.

Mr. William F. Garcelon, president of the club, and members of the executive committee, occupied the platform together with the speakers who were special guests. Prior to the opening two torchlight battalions paraded in the vicinity of the hall, increasing the enthusiasm and drawing a good sized crowd.

Mr. Garcelon was the first speaker and outlined the club's plans. He said it was organized to promote the party's interests in Ward 7, and was not to be looked upon as only a feature of the presidential year but that it would continue to exist. He said that its power might be felt. He said the club members were proud that Mr. Powers of their own ward had received the nomination from the Republicans of the 11th congressional district and would heartily support him.

Others to address the gathering were Hon. Henry E. Cobb, Alderman William F. Dana, a republican candidate for representative from the 11th Middlesex district, Mr. Charles S. Ensign, Mr. Winfield S. Slocomb, city solicitor, and Mr. Samuel L. Powers.

Mr. Powers was the last speaker. In his address he presented the many issues of the campaign, discussing their phases in such manner as to dispel all the favorite fallacies of the Democrats and to heighten the Republicans' admiration for their party. Mr. Powers was frequently interrupted by great applause. At the conclusion of his address he was cheered again and again.

Mr. Powers and the other speakers were escorted to the former's home by the torchlight battalions and their drum corps. The procession moved over Washington street, Park street, Tremont street, Waverley avenue and Arlington street in the following order:

Platoon of police, Sergt. Purcell commanding; Newtonville drum corps, twenty men. S. L. Powers torchlight battalion of Newtonville, Capt. G. Moyle commanding, thirty men; City of Newton drum corps, twenty men; Carriage containing Mr. Powers and guests. West Newton drum corps, twenty men. Powers cadets of West Newton, Capt. H. Inman commanding, thirty men.

Democratic Senatorial Convention.

The delegates to the first Middlesex Senatorial Convention assembled at Hibernian Hall, So. Framingham, last Friday evening, at 8 o'clock.

Mr. T. Mahan of Natick was elected chairman and Mr. W. J. O'Neil of Newton secretary of the convention. 32 delegates out of a total of 48 were reported present by the committee on credentials of which Mr. Anthony Sullivan of Newton was a member.

A letter was read from Senator Albert R. D. discussing a re-nomination on account of business interests, and upon motion of Mr. Slattery of Natick, Mr. A. P. Sleeper, a young and popular lawyer of that town, was unanimously nominated by acclamation. Mr. Holbrook of So. Framingham was re-elected a member of the state central committee and the convention adjourned.

Nickerson-Hardy.

The Auburndale Congregational church on Hancock street was the scene Wednesday noon of one of the most attractive weddings that has taken place in that section of the city for some time. The bride was Miss Fanny Bates Hardy, daughter of Mr. Edward E. Hardy of Auburndale, and the groom, Mr. Thomas Nickerson of West Newton, Harvard '99.

Miss Edith Bartlett of Pittsfield was maid of honor and the following were bridesmaids: Miss Helena E. Small of York, Penn., Miss Suzanne Phelps of New York, N. Y., Miss Isabel Miller of Watertown, N. Y., Miss Marie F. Phelps of West Newton, Miss Elizabeth D. Lane of Weston, Miss Helen E. Hoaly of Boston, Miss Lila H. Augustus, Me., Miss Mary Caroline Hardy of Boston.

The best man was Mr. James L. Knox of Newtonville, Harvard '98, and the ushers were Mr. Henry C. Nickerson of West Newton, Harvard '01, Mr. William G. Nickerson of Dedham, Harvard '93, Mr. Howard Conoley of Chicago, Harvard '99, Mr. Walworth Pierce of Boston, Harvard '99, Mr. Robert A. Leeson of Newton Centre, Harvard '99, Mr. William F. Hollings of Newtonville, Harvard '99, Mr. Edward Lawrence, Jr., of Wellesley Hills, Mr. Charles A. Hardy of Boston, Harvard '97, Mr. Howard L. Rogers of Boston and Mr. John A. Denholm of Worcester, Harvard '99.

Several Good Opportunities.

To the Editor of the Graphic:

The remarkable growth of the Newton Hospital is shown by the demand which has just been made for a new laundry. The present small wooden building was put up to accommodate about 40, but now there is the need of one to accommodate about 100. The trustees at a recent meeting decided to build a laundry on top of the present boiler house, as cheaply as possible, and the estimated expense is about \$2500.

Just now there is no money in the treasury to pay for it, but it must be built. Perhaps some citizen may send a check for the amount to the treasurer, Mr. Geo. S. Euland, Waverley avenue, Newton. It would be most gratefully received.

Another need that is becoming very pressing is enlarged accommodations for private patients. The present building, the Coburn ward, is crowded, and soon applications will have to be refused. Fortunately the institution has land enough to provide for any needed enlargement or for the erection of an additional private ward. This too may appeal to the beneficence of some person of means who may want to perpetuate the memory of one who has passed away into the unseen world. If so, the treasurer or any of the officers would be glad to give some idea of the cost.

The fact is that the steadily increasing popularity of the hospital is lifting it out of its days of small things and making it take on proportions much larger than were ever dreamed of when it was started. Very generous additions to its endowment funds are greatly desired and those who can make a gift now or provide for it in their wills should be glad of putting their money where it will do so much good to so many. A TRUSTEE.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

"I have been thinking of writing to you for some time," writes Mrs. W. D. Benson, of Maxton, Robeson Co., N. C., "to let you know what a wonderful thing Dr. Pierce's Golden Medical Discovery did for my little boy. He was taken with indigestion when he was a year and a half old, and he was under the doctor's treatment for five long years. We spent all we made for doctor's bills, and it did no good. He could not eat anything but a little milk and cracker, and sometimes even this would make him sick, and he got very weak; could not sit up all day, and I gave up all hope of his ever getting any better. Looking over one of your books I noticed Dr. Pierce's Golden Medical Discovery recommended for indigestion. We bought some and gave to our boy. Two bottles of Dr. Pierce's Golden Medical Discovery cured him. He is well as can be, and can eat anything that he wants and it does not hurt him. He has not been sick a day since, and it has been three years since he took your medicine. I pray that God will always bless you and your medicine."

OPEN CARS.

The resolution of the Board of Aldermen condemning the use of open cars during the inclement weather of the past two weeks, is one that appeals especially to parents of children who are compelled to make use of the trolley to attend school. The claim made by the railway officials that they cannot supply enough box cars to cover their school contract is absurd. It is a pity that the aldermen do not reserve the right to compel the use of comfortable rolling stock, as it is rather an open question whether the present wording of street railway franchises, requiring the use of "good rolling stock" etc. is broad enough to cover the matter in question.

Be that as it may however, it would seem the better part of valor for the street railway companies, to defer to the strong public sentiment in this case, if further privileges are to be asked for by them in the future. One alderman is emphatic in the statement that he shall oppose any further grants to the offending companies unless immediate compliance is given to the resolution, and the street railways cannot afford to arouse such a spirit in the board from whom they receive valuable privileges.

CONVENTION METHODS.

The voters of both parties are having plenty of opportunities to observe the beauties of the present convention system of nominating candidates for the various elective offices. Deadlocks upon deadlocks are reported from one end of the state to the other, and the public are helpless to enforce a decision in any case, having delegated their sovereign rights, usually into the hands of unscrupulous politicians. The Republican senatorial nomination in this district determined by a lottery, is a case in point and one which comes right home to us. It is not an edifying spectacle and should arouse the thoughtful voter to the possibilities of eliminating such disgraceful actions in the future. The remedy is a simple one and requires only the overthrow of this delegated power and the return to direct nominations by the people.

A STATE ROAD.

Efforts are now being made to induce the State Highway Commission to build a state road over Needham street between Newton Highlands and the Needham line. There is no question but what this should be accomplished. We know of no other street in the city which is so little used by our own citizens as this, and yet the through travel from Boston to Needham and the towns beyond is considerable. The road-bed has been in wretched condition for some time, and should be thoroughly repaired with macadam. The highway commission views the road today and holds informal hearings along the proposed route in Needham, and we trust they will find their way clear to making the necessary allotment from the state funds.

NEW POLICE QUARTERS.

The commendable attempt made during Mayor Cobb's administration to secure the old bank building and land on Washington street, Newton, for police headquarters in this district has been renewed as will be seen by reference to proceedings of the city government in another column.

Unquestionably something should be done towards providing better quarters for the police and the unfortunates who fall to their care. The present station is far too small for the accommodation of the men, and the cells are entirely inadequate in size and very inconveniently arranged for the proper handling of prisoners.

The proposed building is centrally located, and can be easily adapted for police purposes. The removal of the police station would allow the fire department much needed room, and thus kill two birds with one stone.

Death of Frederick W. Sargent.

Mr. Frederick W. Sargent, aged 82 years, died early yesterday morning at his home on Kenilworth street, Newton. Death was due to old age. Mr. Sargent had been a life-long resident of Newton. At one time he owned considerable real estate in that section known as Skinner Hill. He was formerly a dry goods merchant of Boston but retired from active duties after the great Boston fire of 1872. He was an attendant of Grace church, well known and highly respected. He is survived by a widow.

Newton Choral Association.

The second rehearsal of the Choral Association, will be held in the chapel of the Eliot church, Newton, next Monday evening, Oct. 22, at 7:30 o'clock. The chorus now numbers over 50 singers, coming not only from Newton, but Watertown, Brighton, and Roxbury. More male voices are needed, and Mr. Truette, the director, would be glad to examine the voices of any who may wish to join, between 6:45 and 7:15, Monday evening.

City Hall Notes.

City Messenger Wallington celebrated his seventy-sixth birthday last Monday twenty-three years of which have been passed in City Hall.

Col. Kingsbury participated in the opening concert given by the Cecilia Society in Symphony hall, Boston, last Monday evening. The assessors have been kept busy listening to the grievances of citizens who feel that they have been asked to contribute more than their share to the needs of the city.

The street department is constructing a sewer in Virginia road, West Newton, and repairing the sewer in Omar Terrace, where considerable seeping had been found. The Desmond drain is now completed, and the macadamizing of Boylston street, Newton Highlands, is progressing.

The members of the state highway commission are viewing Needham street, Newton Highlands, today, on the petition of the board of aldermen, for its laying out as a state road. Mayor Wilson entertained them at dinner at the Woodland Park Hotel after the trip.

The committee on claims have an outing this afternoon to view the premises of the remonstrants to betterments on Lexington street.

Women's Clubs.

Miss Fanny B. Allen, Mrs. George Hutchinson, Mrs. D. A. Sargent and Mrs. S. A. Bartlett were delegates from this city to the annual convention of Bay State chapters, D. A. R., held in Lowell, Oct. 16.

Newton Ladies' Home Circle will hold its first whist at the home of Mrs. Arthur H. Wiggins on Bourne street, Auburndale, Wednesday afternoon, Oct. 24, at 2:30 sharp. Plate whist.

The Newtonville Woman's Guild will open the season with a reception to members at the residence of Mrs. Charles S. Dennison on Kirkstall road, Newtonville, next Tuesday afternoon from 3 to 5.

A meeting of the board of directors of the Newtonville Woman's Guild was held in the parlors of the Central church, Newtonville, this morning. During the coming season the club will listen to addresses by Rev. Oliver Dyer, Mrs. Alice N. Lincoln, Rev. O. S. Davis, Dr. Edward S. Niles, Dr. Theodore F. Wright, Rev. Vernon C. Harrington and others.

The next meeting of the West End Literary club of Newton Highlands will be held with Mrs. George P. King, Lake avenue.

A well attended meeting of the executive board of the Newton Federation of Women's Clubs was held at the New Church parlors, Highland avenue, Newtonville last Monday morning.

There will be a public whist under the auspices of Bayton Lodge Odd Fellows in Dennison hall, Newtonville, Tuesday afternoon, Oct. 23, commencing 3 p. m.

NEWTON CLUB.

CALENDAR.

Oct. 20. Club meeting to elect Nominating Committee. 8 p. m.
Oct. 24. Ladies' Night Whist. 8 p. m.

The gentlemen's whist last Saturday night brought out enough for 21 tables, and the handsome prizes of cut glass decanters, glasses and steins were won by Messrs. C. F. Cheney and E. C. Wilcox; A. M. Crain and G. K. Maltby; W. F. Lunt and W. M. Tapley, and J. W. Allen and E. S. Buffum.

There has been much interest manifested in the proposed billiard and pool tournaments. The entries have not yet closed and many are expected. Yet up-to-date those names have been received: Pool tournament, Paul, Emery, J. R. Carter, R. M. King, H. R. Nash, Waterman, Follet, Lunt, Cook, Cobb, Potter, Wilcox, C. J. Brown and A. J. Wellington.

Billiard Tournament—F. N. Robbins, H. G. Stephenson, A. J. Wellington, E. A. Ellis, Cook, Martin, Jellerson, Tapley, Payne, Waterman, Follet, R. M. Lunt, Samuel Brown, Cobb, Shaw, Dole, Kinley, H. J. Phipps, Buffum, Pearson, J. J. Corliss and Paul.

The clubhouse was open on Wednesday evening to members and invited friends for the first entertainment of the season. The program was given by the Newton Festival orchestra, Mr. Mollenhauer, conductor, and is added below in full. The Festival orchestra is a particularly reliable body of players, a fact which was shown in uniformly good playing throughout so early in the season, and for another thing, in the transposing of the Massenet aria a minor third down—a hazardous task for the average player. The program was well put together for the purpose in view, of good material, some of it of the best, but nowhere too stiff to be beyond reach of a popular audience.

The intermezzo quite captured the house and drew out an encore which was equally taking, another entr'acte piece by Westphal, "Rond d'Amour."

Among the noteworthy details was Wolfgram's song from "Tannhauser," "Soil from bones" by Mr. Stewart. The singing was thoroughly delightful. Miss Towle has a lovely mezzo-soprano, which, uniformly, she handles admirably. She is best yet in lyric, but showed in "He is kind" from the "Hedraide" considerable dramatic power which is sure to develop steadily, for the singer is at the beginning of her career. She received an encore after the aria and responded with "Nur wer die Sehnsucht kennt" from "Wilhelm Meister," set by Tschalkowsky.

In the group of songs she was accompanied by Miss Rose Stewart, whom she owes her excellent training and who is a musician and accomplished pianist no less than singer. The ensemble impression was exceedingly agreeable. And, in fact, the whole program was an auspicious beginning to the season's club entertainments. These are the numbers.

Overture, "Egmont" Beethoven
(a) Air for G String Bach-Wilhelmj
(b) Intermezzo Lemoyne
(c) Aria from "Hedraide" Marsenet
Miss Towle and Orchestra.
Ballet Music from "Henry VIII" German
(a) Menuet
(b) Shepherd's Dance.
(c) Torch Dance.

Audience from pariet in B Flat. Tschalkowsky
Tone Picture from "Tannhauser" Wagner
Songs with piano. Fisher
"Under the Rose" Goldard
Lullaby from "Jocelyn" Denza
"May Morning" Miss Towle.

Overture, "Le Part du Diable" Auber

Neighborhood Club.

The clubhouse on Berkeley street was the scene of a delightful informal reception last Saturday evening, the occasion being the opening of the remodeled building to the members and their friends. The receiving party was composed of President and Mrs. R. S. Gorham and Chairman of Building committee and Mrs. Charles F. Howard. About two hundred and fifty were present.

D. A. R. at Lowell.

The annual convention of Bay State Chapters D. A. R. was held at the Highland Club house, Lowell, Oct. 16th, through the courtesy of the Molly Varum Chapter, Mrs. Sarah W. Daggett, state regent, presiding. The exercises were opened with the "Star Spangled Banner," rendered by the Salem cadet band.

"The Chapter Member; her Relation to the National Society" was the subject of an address by Mrs. George S. Hale, president of Mass. Society of Colonial Dames. After a half hour concert by the Salem cadet band the afternoon session was opened with an address by Maj. Charles S. Proctor, representing Gov. Crane, who brought greetings from the Commonwealth, which, he said, "takes pride in organizations of this character." Mr. Joseph Smith of Massachusetts, in this age of pretense and materialism, as brutal as it is insolent, the entrance into public life of a body of earnest, sincere and patriotic women, like the Daughters of the American Revolution, is a sign that Americanism still lives. "I have faith," he said, "in the future of the republic, despite the mean and sordid influences so potent in America today, because I have faith in the American woman, in the American Mother." He was followed by Mrs. Edwin D. Mead and Mr. Solon W. Stephens. The exercises closed with the singing of "America."

Mrs. Mason, for many years at Hotel Berkeley, has just opened her new millinery parlors at Hotel Bristol, corner Boylston and Clarendon streets, suite 1, Boston, directly opposite Trinity church. All Newton cars pass the Hotel Bristol.

Y. M. C. A.

The contributors and friends of the Y. M. C. A. would be well paid if they would visit the junior department of its work. The rooms formerly rented by the private school have been retained by the association for the boys' work. These rooms have been furnished as a reading and recreation room by the Ladies' Auxiliary, and are enjoyed as only boys can enjoy a good thing. The general secretary solicits the confidence of the parents of Newton that they may send their boys in and thus secure the advantages of these rooms and also the instruction in the gymnasium classes.

CITY OF NEWTON.

No. 2551.
To the Board of Aldermen of the City of Newton:

Respectfully represents the Wellesley and Boston Street Railway Company, a corporation created and existing under the laws of the Commonwealth of Massachusetts, that it owns and operates a street railway in the City of Newton that it has a single track located upon Washington street in said city; that the best interests of the public and your petitioner require that a double track shall be laid upon that portion of Washington street between the Newton Hospital and the bridge over the Charles River at Newton Lower Falls.

Wherefore your petitioner prays that a location for an additional track be granted to it upon Washington street in said City of Newton, extending from the Newton Hospital to the bridge over the Charles River at Newton Lower Falls, and also that the right be granted it to construct and maintain all necessary switches and track connections, and to erect and maintain the necessary poles, brackets and overhead wires for the operation of its cars by the so-called trolley system of electric propulsion.

At Eliot church, Newton, next week the meetings of the Eliot Guild will be held in the chapel. Tuesday at 2 o'clock, and of the Little Helpers, Friday at 4 o'clock.

The Eliot Aids, a society of young people in Eliot church, Newton, will hold an important conference with the pastor, Rev. Dr. Davis, this afternoon, when plans will be considered for the coming year.

At St. John's Episcopal church, Newtonville, next Sunday morning at 9.30 the holy communion will be held for the first time.

The following societies will hold meetings at Grace church next week: Helping Hand, Monday at 2.30 p. m.; Junior Auxiliary, Tuesday at 2.30 p. m.; Ladies' Missionary, Thursday at 10 a. m.; Girls' Friendly, Thursday at 7.30 p. m.

There will be a Sunday school rally at the Methodist church, Newton, Highland street, at 12 m. Sun. H. D. Degeer of the Methodist Sunday school at Newton Centre will make an address. In the evening at 7.30 there will be a harvest Sunday school concert with songs and recitations by the children and a short address by the pastor. On Monday evening the ladies will serve a harvest supper in the vestry from 6 to 8 o'clock.

At Stereopticon lecture on China by Masashi Kobayashi of Tokio, Japan, will be given at the chapel of Immanuel church, Newton, Wednesday, Oct. 24, at 8 o'clock p. m. There will be a sale of Japanese goods before and after the lecture.

The first meeting for the season of the Unitarian club was held in the parlors of Channing church, Newton, last evening. About fifty members sat down to supper at 6.30 and later Rev. Thomas Van Ness, pastor of the Second Church, Boston, gave an interesting address descriptive of a recent trip through Russia.

The postponed annual meeting of the Ladies Benevolent society was held at the Congregational church, Auburndale, Wednesday morning. The officers elected were: president, Mrs. Charles E. Burr; vice president, Mrs. Samuel W. Dike; secretary, Mrs. Philip Willard; treasurer, Miss E. A. Rider. Board of directors, Mrs. W. H. Conley, Mrs. C. M. Lanson, Mrs. G. A. Mathews, Mrs. Willis H. Bancroft.

A harvest concert will be held at the Congregational church, Auburndale, Sunday afternoon at 4 o'clock.

The business men's class at Eliot church, Newton, next Sunday will consider the subject, "Wise and Unwise Benevolence," leader, J. Howard Nichols.

The North Evangelical church Nonantum held a very enjoyable harvest supper Wednesday, followed by an unusually good programme. There were about 200 people present.

The Sunday school has its harvest concert next Sunday evening at 6.30.

Music at the Channing church, Newton next Sunday will include: Anthem, "Awake thou that maddest earth"; King Anthem, "God who maddest earth and sky"; Soprano Solo, "The Lord is my light"; Tenor Solo, "O Lord most holy"; Chorus, "Chase."

REAL ESTATE.

Turner and Williams have rented the following houses: Swallow house, Highland avenue, to C. H. Osgood; H. B. Parker house, 621 Walnut street, to G. C. Baker of Boston; H. F. Ross house, 303 Cabot street to James E. Rice of Dorchester; Rollins' house Washington terrace, to Mrs. T. J. Hunter, 1500 square foot and goes to C. D. Hunter; Lathrop house Churchhill avenue, to C. M. Spofford; Teele house Walnut street to W. F. Stafford of Dorchester; Coffin house Austin street to Mrs. F. E. Ware of Ashland, Mass.; H. F. Ross house 20 Clyde street, to Mary F. Wheeler of Worcester.

Recent real estate sales through Wiley S. & Frank Edmunds not previously reported comprise a lot of about 65,000 square feet on Sargent street, from A. L. Edmunds to Frank A. Day; the estate of Mrs. Baker, 20 Sargent street, comprising an acre of land, dwelling and stable, to Mr. W. T. Rich, who buys for residences; from Mrs. Maria M. Gay to W. E. Dimock six building lots of about 6,000 feet each, being 4 on easterly side of Marlboro street, 1 on Marlboro street extension, and 1 on Nonantum street, from Mrs. Marion E. Lord the peculiarly shaped lot of 22,000 square feet on corner of Waverly avenue and Franklin street, to Mr. Geo. C. Travis for the erection of a residence in the near future; on account of Wm. E. Dimock to Henry L. Wiggins, a ten room house for his residence, now in process of construction on lot on easterly side of Marlboro street extension; from Geo. Travis, lot 73 Farlow Hill, containing 14,250 square feet, situated corner Franklin street and Shorncliffe road, to Mrs. Lord for investment; the new 10 room house just being completed by Wm. E. Dimock on lot 12 Farlow Hill, of about 7,000 feet, to C. H. Jones for occupancy, Nov. 1st; to J. H. Young on account of Gilbert Brackett, lot 25 Brackett estate, off Park avenue, containing about 15,000 square feet, and to same buyer, from Mrs. Greenwood, lot 24 of about 17,000 square feet, both lots being for investment. The rental demands have been good, there being but few desirable modern houses now available.

Aban, Trowbridge & Co. have sold the Crocker house, 21 Fairview street, Hanne-well Hill, to Frank A. Heyer of Boston. They have rented the Stanley house, 26 Jefferson street, to George F. Tobey of Boston; the Mason house, Nonantum place, to A. J. Scott, formerly of Newtonville; 27 Wesley street, to Norman Farquhar of New York; the new Murdoch house, Oakleigh road, foot of Fairview street, to Horace M. Oliver of Lynn; the Star house, 15 Franklin street, to Samuel K. Higgins of Boston; the Harrington house, 18 Bennington street, to Mrs. C. E. Manning of Jefferson street.

There is said to be a large demand among the business houses of Boston and other cities for intelligent young men who are well up with the business. One of the first essentials required for such positions is a thorough knowledge of stenography and book-keeping. Stick-to-it-iveness is another. Every country boy of average intelligence has a chance of advancement if he will equip himself. Comers' Business College of Boston makes a specialty of training its students for such positions. Write to them for particulars.

FOR BABY'S GOOD

AND GOOD BABIES.

TENNEY'S FOOD IS THE STAFF OF LIFE FOR CHILDREN AND INVALIDS.

Is your baby well? Are you sure you understand the language of a cry? Tenney's Food makes sturdy children. It nourishes the child with gentle means. It is a natural food prepared from whole wheat, malt and the sugar of milk. Tenney's Food, in itself, contains every essential for human sustenance. It is the nearest approach to a refined essence of life.

Tenney's Food nourishes the infant; it strengthens the mother; it invigorates the invalid; it will sustain life and energy in persons of mature years and robust health. Tenney's Food is readily and easily assimilated by delicate or enfeebled stomachs. Does not require cooking, may be given with milk, hot water, beef tea, etc. Tenney's Food is the most satisfactory substitute for mother's milk. It is now generally prescribed by physicians and adopted by many hospitals.

Pleasant and palatable,—no sickness, no sweetness, no nausea.

Price 50 cents. At your druggists, or by mail. Tenney's Food Co., 155 Congress Street, Boston.

Literary Notes.

Miss Sarah Orne Jewett's "The Tory Lover," the opening chapters of which appeared in the Atlantic Monthly for November, takes for its theme the fortunes of the exiled Loyalists at the beginning of the American Revolution. That portion of the present State of Maine which has become Miss Jewett's country, as completely as Mr. Hardy has made Wessex his own domain, is rich in provincial history. The fortunes of the exiled Loyalists carry the scene of Miss Jewett's stirring romance to England and France, but her portraits of Benjamin Franklin and John Paul Jones and other Revolutionary heroes, and her narration of American bravery on the high seas, will delight the lover of his country, as well as the thousands of admirers of Miss Jewett's steadily maturing and beautifully veracious art. "The Tory Lover" will be a serial feature of the Atlantic during the greater portion of 1901.

Genesee Pure Food Co., Le Roy, N. Y.: Gentlemen:—I must say in regard to GRAIN-O that there is nothing better or healthier. We have used it for years. My brother was a great coffee drinker. He was taken sick and the doctor said coffee was the cause of it, and told us to use GRAIN-O. We got a package but did not like it at first, but now would not be without it. My brother has been well ever since we started to use it. Yours truly,

BOSTON AMUSEMENTS.

PARK THEATRE—The stay at the Park Theatre in Boston of The Choir Invisible is proving of great interest. There is no gainsaying the sermon that is embodied in the central theme, "the love of a man for a woman who is bound to another" and all must be the better for viewing the beautiful idyl of early Kentucky. The play appeals to the best element of society which rarely if ever visits the theatre and to them it affords much pleasurable entertainment.

The Rev. C. V. Wendle of Newton Centre expresses his appreciation of The Choir Invisible to the producing managers in this visible. "We greatly enjoyed The Choir Invisible. It is a lovely play and well acted. The lesson it teaches is lofty and impressive. I hope many will see it. The stage mounting is a feast to the eyes."

BOSTON THEATRE—The last week of the season of Monte Cristo at the Boston Theatre is the current one, for following the Saturday night performance the mammoth production of the Dumas drama will be taken direct to the Academy of Music in New York where it will remain for the rest of the season. All New England has been pouring into the largest theatre in America to witness the story of Edmund Dantes and throughout the nearby states theatre parties have planned to attend the big production.

Scientifically Monte Cristo is perhaps the greatest series of pictures that the stage has offered. The fourth and fifth acts are the ones which have attracted the very greatest of interest, for real massiveness and color scheme they have not been equalled or approached since scene painting was raised to a fine art. As the time is short all should see Monte Cristo this week.

Stepped Into Live Coals.

"When a child I burned my foot frightfully," writes W. H. Eads, of Jonesville, Va., "which caused horrible leg sores for 30 years, but Bucklen's A. N. S. Salve wholly cured me after everything else failed." Infalible for Burns, Scalds, Cuts, Sores, Bruises and Piles. Sold by Arthur Hudson, 255.

Newton Suffrage League.

The executive committee of the Newton Suffrage League met at the house of Mrs. George A. Waltonon Friday morning Oct. 12. A letter from the president of the National Association, Mrs. Catt, stated that an effort was making to double the membership and that this could only be accomplished through the efforts of the local clubs. In accordance with a suggestion contained in the letter, it was decided that the Newton League be divided into two sides after the fashion of the old spelling school and that the two sides strive against each other for increase of members.

Mrs. George Walton, Mrs. Charles W. Eaton and Miss Susan Whiting were elected a committee on the annual meeting of the Newton League, to be held in November. Mrs. Walton, Mrs. Edward C. Burrage and Mrs. B. S. White were appointed members of the nominating committee and Mrs. Walton was nominated delegate to the State Association.

The National American Woman Suffrage Association is to hold a bazaar in Madison Square Garden, New York, Dec. 3 to 8. Different states will be represented by booths, among which will be a friendly rivalry. The Newton League urges every member and suffragist to help make the Massachusetts booth a success by contributing at least two articles.

Donations may be sent to Mrs. Richard Rowe, 37 Shaw street, West Newton; Mrs. E. N. L. Walton, 68 Chestnut street, West Newton; Miss S. A. Whiting, 11 Washington street, Newton; Mrs. George H. Brown 4 Eldredge street, Newton.

A Fendish Attack.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except supported by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Arthur Hudson's Drug Store.

To the Boys.

My boys, I want to call them. If a boy gets stuck on a "hard sum"—as he would say—he would be very glad if he could get a book that had the answer. But there are other things besides "hard sums" that boys need to know the right answers to, even more than they need to know how to find the right answers when ciphering.

Just now, I am thinking of cigarettes. So much is written and spoken in schools, magazines and newspapers and elsewhere, about the mischief they do, that it ought not to be necessary to speak or write much more, or very often about them.

Still, as I often see boys smoking them in the streets of Boston, some of them too handsome to think of such a thing, and some of them so pale and puny that you pity them for having nobody to take good care of them, I want to write one word more about this evil habit, by giving the right answers for boys to give to other boys who invite them to smoke a cigarette, or anything else.

Jack. Say Harry try a cigarette?
Harry. (kindly, but plainly, in boy style) No, Jackie, you can't fool me with cigarettes. I know better, and if you knew better, you wouldn't touch one.

Jack. Ha! I'll bet you're stingy now, or maybe you can't get any pennies to buy any.

Harry. I can get pennies now, I tell you. But when I get 'em, I don't spend 'em for what's going to spoil me. I'd rather spend 'em for things worth having.

But say, who gave you the first bite of that apple this morning. When I grow up, now, I tell you I want to look bigger, thirty cents, like sloping Tom, half-size, and looking as if he was just going to tumble over.

Jack. But lots of other fellers and men too.

Harry. That's too thin. Lots of fellers and men, too, don't do as others do, till they find out whether it is better to do it, or not.

And so they kept it up longer than I could stay to hear, but I heard afterward that Jack felt a little shaky about cigarettes, and we all hope he will never touch another. Harry is happy because when he sees a good thing he knows it, and when he sees a bad thing he knows it, and lets it alone, and does not weaken brain and nerves, and when both should be gathering and holding their best strength for the battle of life, and he is in the first division in his class at school.

By the way, boys, Harry's first answer applies to a good many things besides cigarettes. Playing truant, for instance, is one of them, and a well taught wise boy, or call him smart if it suits you better, will say of them all: "No, you can't fool me with that. I know better than to do it, and if you know better than to spoil beforehand the good time coming that is waiting for you, you wouldn't have anything to do with it."

The Congressional Field.

The importance of electing a Republican congress next November is little less than that of the re-election of President McKinley. Those who believe in the principles of the Republican party should exercise the same care in casting their ballots for representatives in congress and for members of the state legislature that elect United States senators, as they will for the election of presidential electors.

The national house may be very close. If the Democrats make good only a part of their claims, the Republicans cannot afford to elect any Democrats in Republican districts. At the present time there are three Democratic congressmen from New England. The New York Tribune thinks that two of those districts will be redeemed this year.

Those Democratic congressmen all come from Massachusetts. They are Congressman Thayer of Worcester, who represents the Third district, Congressman Fitzgerald of Boston and Concord Junction, who represents the Ninth district, and Congressman Naphen of Boston, who represents the Tenth district.

It is possible with proper care and an intelligent appreciation of the importance of this matter by Republican voters to redeem the Third and Tenth districts, and it is the earnest desire of the party managers, both state and national, that Massachusetts should regain these two districts. The whole organization of the house of representatives may hinge upon the voters of these two districts. With the duty so plain as it is here there ought not to be any question that the Republican voters will get together, and present a united front for success in November.

"The evidence that Mr. Bryan's unpatriotic associates have sacrificed the lives of our soldiers and the money of our people to an enormous extent is abundant. General Lawton, the most brilliant and successful soldier of the war, lost his life through the machinations of the Anti-Imperial league. Before his death he discovered conclusive evidence that the enemy he was fighting in the Philippines was the Anti-Imperial league of the United States, and that if his life was sacrificed the league would be responsible."—Senator Stewart of Nevada, in the announcement of his purpose to support McKinley this year.

The Democrats are trying to abstract some comfort from the Vermont election returns, but the fact that the 31,000 Republican majority was greater than any of the election prophets had dared to predict and the largest majority, but one, cast in that state for a dozen years puts a face on the Democratic claims that is unanswerable.

In the matter of rallies, "It is the early bird that catches the worm." The Republican state committee are now filling dates for the campaign rapidly, and it is important that early application be made for assignment of speeches.

No; President McKinley will not avail himself of the privilege of talking his opinions into a graphophone. He will leave that circus performance to Candidate Bryan, who ought to make a success of it, in view of his long practices in talking through his hat.

By the way, what a funny metallic sound those graphophone speeches of Candidate Bryan will have after the idea of November are past.

Here is what Mr. McKinley says in his letter of acceptance in regard to the trusts:

"Combinations of capital controlling the market in commodities necessary to the general use of the people, by suppressing natural and ordinary competition, thus enhancing prices to the general consumer, are obnoxious to the common law and the public welfare. They are dangerous conspiracies against public good, and should be made subjects of prohibitory and penal legislation."

"We have passed from a bond issuing to a bond paying nation; from a nation of borrowers to a nation of lenders; from a deficiency in revenue to a surplus; from fear to confidence; from enforced idleness to profitable employment."—William McKinley.

Edmunds on Trusts.

Ex-Senator Edmunds is in favor of McKinley for re-election and states his reasons in his usual able and convincing manner.

"In regard to trusts," he says, "the country will be as well off under one party as another. Combinations of men cannot be broken. We may harass them and in a measure control them, but men will continue to combine for mutual interests, and you cannot stop them. The tendency is toward combinations. Men are engaged in bigger enterprises than ever before, and many of these can be effected only by combination. Everything is bigger. Even our locomotives are larger and more powerful," said Mr. Edmunds as one of them went puffing past the hotel.

"This is not a party question. When business interests are involved all men are of one mind. They may belong to different political parties, have widely varying religious beliefs and disagree on many subjects, but when it comes to business, to the earning of a livelihood, they invariably agree. I think you will find as many Democrats in the trusts as you will find Republicans, and I know that some of the biggest capitalists contribute equally to both parties, and they naturally expect that no matter who is elected, their interests will be protected.

"I would venture to say that, taking all the persons in the large cities worth \$100,000 or \$500,000, you will find as many Democrats as Republicans."

"No, combination of men for business purposes is not a party question. They will all stay together, just as labor unions vote one way when the interests of their members are involved.

"On the other hand, take, for instance, that dispatch in the morning paper naming Altgeld for the supreme court. I suppose it is a fake, but at the same time it sets one thinking of what is likely to happen. Altgeld may be honest; Bryan may be honest; I believe, for that matter, that the majority of anarchists are honest, but it is the ideas they have and which they may try to carry out that makes them unsafe. They are too visionary."—Ex-Senator Edmunds.

Scott's Emulsion

of Cod Liver Oil is the means of life, and enjoyment of life to thousands: men women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food, when you hate it, and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

—At the residence of Mr. James Vickers on Maple street, Oct. 11th, occurred the marriage of Miss Maude Frances Fuller and Mr. Lewis Cony Bagley of Boston. The wedding was a quiet one, only the immediate family and a few intimate friends being present. The officiating clergyman was the Rev. George G. Phipps.

Street Railway Matters.

The directors of the Waltham & Boston electric road have very generously voted to give all the proceeds of their traffic on Saturday, Nov. 24th, to the hospital. Every one must take a ride on their cars that day to swell the receipts.

An interesting hearing was held in Waltham last Monday evening on the petition of the Waltham Street Railway Company to parallel the tracks of the Newton Street Railway Company on Main street in that city. The Newton Company, represented by Mr. S. L. Powers and President Winthrop Coffin, appeared as remonstrants.

The Company's Side.

President H. B. Parker of the Newton & Boston Street Railway Company desires to correct an article of the Boston Record in the use of open cars in conveying Bigelow school pupils from Newton to Newtonville. Mr. Parker says the situation was explained to Mr. A. B. Fildes, superintendent of schools, by a letter written to him on Aug. 29. Then it was clearly stated that the Newton & Boston company would not undertake to furnish all box cars but would furnish some box and some open until Oct. 15th at a rate of \$60 for each week. Mr. Parker says these terms were accepted and that there was no misunderstanding, as he has a letter to support it.

Occupants Thrown from Carriage.

J. W. Overton, a furniture mover of 205 Western avenue, Allston, was driving a two horse hitch on Centre street in the vicinity of A. B. Cobb's estate shortly before 5 o'clock Monday afternoon, when one of the animals became ill and died of colic. Mrs. Edwin T. Fearing and a woman companion were driving by at the time when Mrs. Fearing's horse became frightened and started to run away. Both women were thrown to the ground but were not seriously injured, though suffering a severe shaking up. Their carriage, however, was badly wrecked.

"KO-NUT"

A Pure Coconut Fat.

Not a "Substitute" for, but a
complete "Superseder" of, lard
or butter for cooking.
The Finest, Purest and Most HEALTHFUL
article for cooking is the product of
the coconut now being sold under
the Trade-Mark name of "KO-NUT".
This material is a perfect superseder
of butter or lard for every use in
which those substances were ever
put, and being a fruit product of ab-
solute purity, is preferable in every
point of comparison.
It is more ECONOMICAL than lard
one-half or two-thirds as much KO-
NUT is required to do the same work

date for county treasurer of Middlesex, has
withdrawn from the ticket.

Candidate W. H. Baker will speak at a
Democratic rally at Watertown town hall
Tuesday evening.

The closing week of the campaign will
mean a deal of hustling so far as Candidate
Baker and his Newton supporters are con-
cerned. It has been planned by them to
hold a rally next Wednesday evening in
Armory hall, Newton next Thursday
evening at West Newton and Upper Falls,
and Friday evening, Nov. 2, at Newton-
ville, Auburndale, and Newton Lower Falls
and Monday evening, Nov. 5, at Nonantum.

A Republican rally will be held at Eliot
hall next Tuesday evening at 8 o'clock, ad-
dresses being made by Hon. Samuel W.
McCall, Hon. Wm. H. Moody, and Samuel
L. Powers Esq. Music will be furnished by
the American Watch Co. Band and a
mixed quartet.

filed with the secretary of the city com-
mittee before Wednesday, Nov. 7th at 5
p. m.

The Republican city caucuses are called
for Tuesday, Nov. 20th.

Torch Light Parade.

The Republican City Committee an-
nounces that on the evening of Saturday,
November 3rd, 1900, a Republican torch-
light parade will take place in the city of
Newton under the auspices of the two
Newton companies, the S. L. Powers
cadets and the S. L. Powers guards.

The organization of the line will be pub-
lished in next week's paper. The commit-
tee has invited about 200 torches from out
of town. Mr. Morton E. Cobb has been ap-
pointed Chief Marshal, Mr. Walter L. San-
born, chief of staff, and the following mount-
ed aids: Lieut. Col. Geo. H. Benson, Jas. G.
White; Maj. Robt. B. Edes; Capt. Fred K.
P. Barnes; Lieut. Bancroft E. W. Converse,
E. R. Springer; Lieut. Frank B. Stevens,
B. Taylor, C. S. Dole; Sergt. Maj. E. A.
Muller, 1st Sergt. T. E. Ripley; Sergts.
Harry Sawyer, O. H. Story, Guy Murchie,
A. L. Wyman, W. S. Youngman; Geo. D.
H. Lamson, Fred P. P. Harvey, Porter B.
Chase; Chief Bugler Sergt. Mace Gay.

Honorary Staff as follows: Members of
the republican city committee; William M.
Flannery, Chief of Staff; E. W. Converse,
Chas. S. Dennison, L. Loring Brooks, Geo.
N. Towle, Frank J. Hale, Edw. P. May,
Harry L. Burrage, W. H. Lucas, A. B.

Nickerson, Henry C. Nickerson, Louis
Dutch, Louis C. Ross, Roger F. Higgins,
Wm. S. Burr, Chas. Raniett.

The line will move at 8 p. m. from Non-
antum square, over the following streets:
Nonantum square to Centre, to Vernon,
Eldridge, Franklin, Newtonville avenue,
Walnut, Highland avenue, Hillside avenue,
Oaks, Chestnut, Highland, Washington
street to Newton, when lunch will be
served and parade will be dismissed.

The committee earnestly requests all
citizens living on or near the line of march
to decorate and illuminate as much as pos-
sible to help make Newton's parade one
of the conspicuous features of the fall cam-
paign, especially as one of Newton's most
illustrious citizens is the Republican nomi-
nee for Congress from the 11th Massachu-
setts district.

The committee would be very glad to ar-
range for an automobile detachment.
Anyone desirous of joining parade with
an automobile properly illuminated, apply
to Chief of Staff, P. O. Box 1104, Boston,
and a place in line will be assigned.

Johnson-Cordingley.

In the presence of a large number of
guests at her father's home on Central
street, Auburndale, Tuesday evening, Miss
Harriet M. Cordingley, daughter of Mr.
Frank Cordingley was married to Mr. El-
mer E. Butler Johnson of Nashua, N. H.

The ceremony was performed by Bishop
Willard F. Mallalieu, assisted by Rev. Wil-
liam T. Worth, pastor of the Auburndale
Methodist Episcopal church. There were
many relatives and friends included in the
large gathering of guests which completely
filled the prettily decorated parlors.

The bride wore white silk with trim-
mings of duchesse lace and chiffon. She
carried bride roses, and was unattended.
Mr. Joseph S. Cordingley, brother of the
bride, was best man, and the ushers
were Mr. C. Frank Holman of Nashua, N.
H., and Mr. Bentley Fowle of Auburndale.

A reception followed from 5 to 10. The
receiving party was made up of the young
couple, Mr. Frank Cordingley and Miss
Jennie E. Johnson of Elizabeth, N. J.

Mr. and Mrs. E. E. B. Johnson will en-
joy a wedding tour at its conclusion
reside in Auburndale.

TO YOUNG VOTERS.

Secretary Long Offers Some Sound Advice.

Secretary Long has issued through the national Republican committee headquarters in Chicago an address which is in the nature of an explanation to a first voter of what he must consider before casting his ballot on Nov. 6. Among other things, Secretary Long says to the first voter that the problems set before him are too grave for snap judgment. Secretary Long says:

Copyright by J. E. Purdy, Boston. HON. JOHN D. LONG.

"He must decide whether, being now on a tidal wave of prosperity brought about as the result of Republican principles, he is justified in promoting the supremacy of the Democratic principles which were responsible for the years of national depression which characterized the recent administrations of the Democratic party."

"He must decide whether he favors honest and stable money which the Republican party insured by its enactment of the gold standard, or debased money, the sure consequence of the free silver heresy which the Democratic party specifically advocates."

"He must decide whether he shall support the administration which carried the nation through a successful war and added to its jurisdiction new possessions which his country's intelligence and humanity will develop to the enjoyment of stable institutions and local self-government, or shall repudiate the victories he and his brothers in arms won at Santiago and Manila and abandon to anarchy, or to the sway of foreign governments, the islands which are a sacred trust on the American people."

"If he live in the country, he sees the product of the farm bringing a higher price than it did before the Republican party gained control of the national administration. If he live in the manufacturing town, he sees the doors of the factories open and hears the hum of their business works. In all walks of life he finds that labor is receiving a higher wage for its output, and, carrying his investigation still further, he discovers that his wage has a greater purchasing power."

"In spite of the manifest advantages of the gold standard law, the Democratic party has vigorously denounced it and has asserted its purpose of bringing about its repeal as promptly as it is able to do so."

"The intelligent young voter will not neglect to calculate the effect of the overturning of a law which is in great measure responsible for the prosperous condition of the country today, and that has made the United States a creditor nation. Nor will he forget to consider that the success of the party that stands for a principle that involves a reduction of the value of the nation's unit of money in the market of the world will of itself cause vast injury to business interests and incidentally to himself."

"He has been told that we should at once grant the Filipinos self-government and establish a protectorate over the islands when he knows there are 84 tribes in the islands and that millions of money and thousands of men would be necessary to support them against the assaults of the others, and that the war-making power which rests under the constitution in the hands of his representatives would be transferred to an irresponsible people whom we would be obliged to uphold."

The German Vote.

New York, Oct. 8.—The New Yorker Staats Zeitung, the big independent German daily of this city, in its leading editorial today announces that it is unequivocally and unconditionally in favor of the re-election of McKinley. The editorial, in part, follows:—"The lack of confidence in Bryan's character is so pronounced that his election would suffice to produce grave economic convulsions, even if his hands were completely tied, but he can do untold harm without the assistance of congress. And we must consider that his election would be interpreted by the politicians as a victory of silver."

Lincoln's Logic.

Abraham Lincoln told his countrymen in 1864 that it was not a good time to swap horses when they were crossing a stream. It does not seem to me to be a very good time to swap horses now, while we are crossing the tempestuous Chinese sea in a typhoon. I like the way President McKinley and the department of state are handling this great and difficult Chinese question. They will go through with it to the satisfaction of the American people.—Senator Hoar.

DANIEL WEBSTER FORESAW BRYAN.

AN ENEMY TO HIS WHOLE COUNTRY; TO ALL CLASSES; THE POOR MAN'S CURSE.

Sixty-six years ago, on Jan. 31, 1834, Daniel Webster stood up in the United States Senate and denounced the demagogism of his day in words which fit the present crisis precisely. He said:

"Sir, I see, in those vehicles which carry to the people sentiments from high places, plain declarations that the present controversy is but a strife between one part of the community and another. I hear it boasted as the unfailing security, the solid ground, never to be shaken, on which recent measures rest, that the poor naturally hate the rich. I know that, under the cover of the roofs of the Capitol, within the last twenty-four hours, among men sent here to devise means for the public safety and the public good, it has been vaunted forth, as matter of boast and triumph, that one cause existed powerful enough to support everything and to defend everything, and that was, the natural hatred of the poor to the rich."

"Sir, I pronounce the author of such sentiments to be guilty of attempting a detestable fraud on the community; a double fraud: a fraud to cheat men out of their property and out of the earnings of their labor, by first cheating them out of their understandings."

"The natural hatred of the poor to the rich? Sir, it shall not be the last element of my existence, it shall be only when I am drawn to the verge of oblivion, when I shall cease to have respect or affection for anything on earth, that I will believe the people of the United States capable of being effectually deluded, cajoled and driven about in herds, by such abominable frauds as this. If they shall sink to that point, if they far cease to be men, thinking men, intelligent men, to play off pretences and such clamor, they will be slaves already slaves to their own passions, slaves to the fraud and knavery of pretence, they will deserve to be blotted out of all the records of freedom, they ought not to dishonor the cause of self-government, by attempting any longer to exercise it; they ought to keep their unworthy hands off from the cause of Republican liberty, if they are capable of being the victims of artifices so shallow, of tricks so stale, so threadbare, so often practised, so much worn out, on serfs and slaves."

"The natural hatred of the poor against the rich? 'The danger of a moneyed aristocracy.' 'A power as great and dangerous as that resisted by the Revolution.' 'A new danger to the independence of the nation.' 'Sir, I admonish the people against the object of enterprises like these. I admonish every industrious laborer in the country to be on his guard against such delusion. I tell him the attempt is to play off his passions against his interests, and to prevail on him in the name of liberty to destroy all the fruits of liberty, in the name of patriotism to injure and afflict his country, and in the name of his independence to destroy that very independence and make him a beggar and a slave. Has he a dollar? He is advised to do that which will destroy half its value. He is advised to labor? Let him rather fold them and sit still, than be pushed on by fraud and artifice to support measures which will render his labor useless and hopeless."

"Sir, the very man who has the deepest interest in a sound currency, and who suffers most by mischievous legislation in money matters, is the man who earns his daily bread by his daily toil. Preying on nobody, he becomes rich. His property is in his hands. His reliance, his fund, his productive freedom, his all, is his labor. Whether he work on his own soil or another's, his living is still earned by his industry; and when the money of the country becomes depreciated and debased, whether it be adulterated with paper without credit, that industry is robbed of its reward. He who has a country whose laws cheat him out of his bread. I would say to every owner of every quarter section of land in the West, I would say to every man in the East, who follows his own plow and to every mechanic, artisan and laborer in every city in the country—I would say to every man everywhere who wishes by honest means to gain his daily bread, 'Beware of waves on sheep's clothing.' Who are at tempt, under whatever popular cry, to shake the stability of the public currency, bring on distress in money matters, and rob the honest laborer of his wages, money, stabs your interest and your happiness to the heart."

"Sir, the great interest of this great country, producing cause of all its prosperity, is labor. Labor is the basis of a laboring community. A vast majority of us all live by industry and actual employment of some of its forms. The Constitution was made to protect its industry, to give it both encouragement and security; but above all, security. To that very end, with that precise object in view, power was given to Congress over the currency and over the money system of the country. And whoever has the wickedness to conceive and the hardihood to avow a purpose to break down what has been found in forty years' experience essential to the protection of the interests, by attacking one class against another, and by acting on such a principle as that the poor always hate the rich, shows himself the reckless enemy of the whole country, and to every man in it, he deserves to be marked especially as the poor man's curse!"—N. Y. Sun.

Poor woman, she broke down completely. It began this way: Her feet seemed heavy, her liver sluggish, her digestion poor, her cheerfulness gone, her brain slow, her memory failing, her head aching, her nerves out of control, her face pale, her step elastic, the disposition cheerful, and renewed the vigor of girlhood. Read advertisement in another column. "Longevity" is the true fountain of perpetual youth. It is a vegetable medicine that came from the brains of Germany's leading scientific physicians, absolutely harmless, and a benefit to old and young, both men and women.

It is highly important that the Republican elect just as many members of Congress as possible. The change of a few would throw the control on the Democratic side. The plain, rockbottom facts are that business, during the memory of any living voter, has never prospered under Democratic administration. If you don't want another dose of it, defeat the Democratic candidates. Admitting that they "mean well," it has been conclusively proven that they "don't know how." The accidental fire is just as hot as the intentional one.—Milford Journal.

Whist.

When the holding does not justify the lead of a high card, the American system, calls for the play of the fourth best card in the suit, and the leader must hold three cards higher than the one led. The lead of the deuce, therefore, must be from an exclamation point. The work is often done under high pressure, and the brightness of the eyes and the flushed cheeks of the attentive clerk indicate nervousness rather than health. If this is true under most favorable conditions, what shall be said of those who suffer from chronic diseases, and who endure headache, backache, and other pains day after day?

No sick woman should neglect the means of cure for nervousness. It regulates the periods, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well. A heart overflowing with gratitude, as well as a sense of duty, urges me to write to you and tell you of my wonderful recovery," says Miss Corinne C. Hook, Orangeburg, Orangeburg Co., South Carolina. "By the use of Dr. Pierce's Favorite Prescription I am entirely a new being compared with the poor miserable sufferer who wrote you four months ago. I remark to my parents almost every day that it seems almost an impossibility for medicine to do a person so much good. During the whole summer I could scarcely keep up to walk about the house, and yesterday I walked four miles and felt better from the exercise. I now weigh 125 pounds. Mine was a complicated case of female disease in its worst form."

LONGAVITA

THE TABLET OF LIFE

(Pitula At Langan Viam)

The Scientific Discovery of the Age!

The Magic Key to the Mystery of Life!

From time immemorial it has been man's predominant ambition to prolong life. But among the many brilliant minds, who have devoted their lives to the fascinating subject, it was left for the immortal Darwin to give the world, in his great theory of Life, the fundamental principle upon which to build all further research in this direction. Following closely in his footsteps came Prof. Dr. Ludwig Buechner, a German scientist of international renown, with his remarkable work entitled "Das Leben nach Langan Lebens" (the book on Longevity). But alas, like Darwin he too died, ere he could reap the fruits of his wonderful discovery. Others, however, equally great took up the interrupted thread with the result that two famous German scientists, after years of experiments and research, have at last discovered the secret of Longevity, in the shape of a remarkable Vegetable Compound which if properly used will positively prolong Life. This new remedy, aptly named "Longavita" (meaning Long Life) has been subjected to the most rigid tests at the leading clinics and hospitals throughout Europe with marvelous results. Appreciating the importance of this discovery, we have acquired at enormous cost, the exclusive proprietary right to this truly wonderful preparation, which has proved a blessing to mankind.

"Longavita" is the true Tablet of Life, a rejuvenator par excellence embodying the veritable secret of longevity in a practical, feasible form. It is the fountain of perpetual youth which prolongs far beyond its present limits, while retaining health in a perfectly normal state. "Longavita" brightens the eye, stimulates mental activity, gives elasticity to the step, makes the face pale, absorbs wrinkles, cleanses the system purifies the skin, and is the only source of Leiden remedy for old and young of both sexes. Endorsed by Europe's leading physicians.

WHERE THE BLAME LIES.

The recent debate in the School Board relative to the alleged neglect of the Board of Health in regard to a case of scarlet fever, appears to have been a case of considerable smoke without much fire. Investigation shows that the teacher did not discover the desquamation of the child until late Friday afternoon, when she reported her suspicions to the health department. On Saturday the case was investigated by the city physician and placed under quarantine. On Sunday the house was placarded, and as the agent disinfecting three other houses on that day, the disinfection of the school room was postponed until Monday morning, when the school was dismissed as soon as it had assembled. The exposure to possible infection on Monday morning was nothing, as compared with the personal contact with the sick child for three days during the previous week, and yet this appears to be the whole basis of the claim of negligence.

When the medical inspection of schools was established for the very purpose of preventing the admission or re-admission of children suffering from contagious diseases, one of the conditions thoroughly understood by both the health and school authorities was, that no child should be readmitted after any suspicious absence without the certificate of a medical inspector. The application of this idea to the case in question, where a child, admittedly ill with a severe cold in a district known to be infected with diphtheria, would have prevented the needless exposure of many children to disease.

The remedy in this case and the prevention of similar cases in the future, lies not in the health department, but with the school committee itself. A simple rule instructing the teacher to always require a medical certificate for the re-admission of children, who have been absent on account of illness, would fully cover the matter.

One admirable (?) feature of our present caucus law is the provision requiring the filing of nominations so close to the state election as to render it absolutely necessary for the voters to consider municipal matters during the state campaign. The time for filing nominations for the Republican municipal caucuses closes on Wednesday, Nov. 7th, at 5 o'clock p. m., and no names can be printed on the caucus ticket unless properly filed with the secretary of the committee before that hour. The mayorality and aldermanic nominations have as yet been considered but by a few interested parties, and while there are signs of a lively fight over the mayorality, discussion of the matter has by general consent been postponed until after the national election. The announcement of the Republican city committee in another column, however, will undoubtedly bring the matter to a head at once, and municipal politics will soon arrive at the boiling point.

The custom heretofore followed in this city, on election night, of keeping the Board of Aldermen in session for many hours in order to receive the returns from the different precincts, is one which appears to be entirely unnecessary, and which also, distracts attention from the regular business of the Board. The City Clerk can receive the returns, and submit a tabulated statement at the next meeting of the Board, and considerable time and confusion saved thereby. This method is followed in Cambridge and we believe in other cities, and some such plan should be given attention by the Aldermen.

The Wellesley & Boston Street Railway Company has shown a commendable enterprise in seeking a double track location on Washington street at the Lower Falls. This street is to be widened and reconstructed this fall, and the street railway company desires to cooperate with the city authorities and make a thorough and permanent construction of their tracks. A hearing will be held on Tuesday evening, Nov. 6, when the company will undoubtedly make a definite proposition to the city.

The playground question in the Newton district is evidently one which appeals to many. Dr. Shinn, in last week's GRAPHIC, and Mr. Garcelon in this issue urge speedy action towards securing a proper site, and we understand that a petition is to be presented at the next meeting of the Board of Aldermen in regard to the matter.

City Hall Notes.

The officers of the Board of Health inspected the overcrowded conditions of the Italian settlements at Nonantum last Tuesday night and orders have been issued to rectify the same.

The Board of Health had a field day last Friday afternoon.

The street department are constructing a drain in Nevada street, Newtonville, resurfacing Parker street, Newton Centre, and a portion of Centre street, Newton Highlands, and building a short piece of sewer at Chestnut Hill on Commonwealth avenue. Next week the department begins the work of widening Walnut, Crafts and Waltham streets in connection with the tracks of the Newton Street Railway company, the drainage system in those streets having been completed.

Gov. Crane has appointed Major Seth A. Ranlett, city treasurer of Newton, under Chapter 17, Resolves of 1890, as commissioner to represent the Thirty-Sixth Massachusetts Regiment, to visit Vicksburg and to co-operate with the National Park Commission in fixing and marking the positions of the regiments at the siege of Vicksburg. Mr. Ranlett was adjutant of the regiment during the siege, and after the war wrote the history of the campaign for the regimental history. The Thirty-Sixth served three years in the war, was commanded during the siege by Lieut. Colonel B. Norton of Charlestown, later by Lieut. Colonel Arthur A. Goodell of Worcester, and after him by General William F. Draper, late ambassador to Italy. Major Ranlett served with each of these officers as adjutant. He will arrive at Vicksburg on Nov. 15, and remain there as long as his duties require. Capt. Walter of the 35th and Capt. Bradin of the 36th are the other commissioners.

Police Paragraphs.

Thomas Devine, foreman of a telephone company construction gang, reported to the police yesterday that lanterns had been stolen from excavations at the corner of Centre and Sargent streets.

There was an ambulance call at 2.30 yesterday afternoon. John T. Burns, Jr., of 36 Jewett street was conveyed to the Newton hospital suffering with a broken leg.

The premises of Amelia Schendi on Langley road, Newton Centre, were raided Monday evening by Sgt. Bartlett and a squad of patrolmen and 36 gallons of beer were seized. Mrs. Schendi will be arraigned in court tomorrow on a charge of maintaining a liquor nuisance.

The police vacations close with the return to duty today of Patrolmen B. F. Burke, S. Z. Burke, Groth and David Neagle. The latter has been in New York attending a convention of the Hibernians and visiting points of interest.

Tone is to the soul what medicine is to the body—a tonic. There is nothing so good for the tired mind as good music. Egyptians treated their insane with music, and charmed reason back to its throne again. When the world goes wrong and our best friends go back on us, that is the time we need a tonic. When you are all tired out, come and see us, we are positive we have a remedy in the sweet, full, round tone of our **McPhail** pianos.

FOR BABY'S GOOD

AND GOOD BABIES.

TENNEY'S FOOD IS THE STAFF OF LIFE

FOR CHILDREN AND INVALIDS.

Is your baby well? Are you sure you understand the language of a cry?

Tenney's Food makes sturdy children. It nourishes the child with gentle means. It is a natural food prepared from whole wheat, malt and the sugar of milk.

Tenney's Food, in itself, contains every essential for human sustenance. It is the nearest approach to a refined essence of life.

Tenney's Food nourishes the infant; it strengthens the mother; it invigorates the invalid; it will sustain life and energy in persons of mature years and robust health.

Tenney's Food is readily and easily assimilated by delicate or enfeebled stomachs. Does not require cooking, may be given with milk, hot water, beef tea, etc.

Tenney's Food is the most satisfactory substitute for mother's milk. It is now generally prescribed by physicians and adopted by many hospitals.

Pleasant and palatable,—no sickness, no sweetness, no nausea.

Price 50 cents. At your druggists, or by mail. Tenney's Food Co., 135 Congress Street, Boston.

Literary Notes.

William Garret Brown opens the November Atlantic with a notable defense of American Parties, in which he shows the absolute necessity of two strong controlling parties in a representative government like our own, and traces the principles and the history and development of "the two Gentils who now serve the Republic."

Two brilliant and entertaining serials begin in this number: Miss Jewett's "The Tory Lover," a tale of love and adventure during the American Revolution, treated from a hitherto untouched side, the fortunes of the Loyalists; and Mrs. Wiggin's "Penelope's Irish Experiences," a completion of the delicious trilogy of feminine fun and adventure throughout the United Kingdom which has delighted so many readers.

Portentous to the present Eastern complications are Edmund Noble's discussion of "The Future of Russia," and H. C. Whittlesey's account of Sir Robert Hart. Mr. Noble shows the inability of Russia, for lack of vital unity and stability, to command the world's leadership, and Mr. Whittlesey sketches the Chinese Customs Service apropos of its great English leader.

W. E. Smythe treats the great coming question of the far West—Irrigation—as the struggle for water in the West, aggravated by the paradoxical condition of dwellers in an arid land who have made themselves laws copied from the statutes of a country of excessive rainfall.

Valuable biographical articles are Bradford Torrey's discriminating paper on Fitz-Gerald, the translator of the *Kubla Khan*; and Simon Newcomb's interesting "An Astronomer's Friendship, a vindication of a much-abused scientist of the last century."

Vida D. Souder contributes an article

on Ill-Gotten Gifts to Colleges, a much needed discussion of a question greatly debated at present, and upon which very strong and opposite opinions are held.

Literary tomes are treated in W. M. Daniel's brilliant dissection of Mill's philosophy and writings in his "Letter to John Stuart Mill," S. M. Crother's delightful essay on "The Gentle Reader," and Everett Tomlinson's Reading for Boys and Girls, what and how they used to read in the good old times of what they read now.

Fiction by Henry B. Fuller, Mrs. Foote, and others, and much good poetry are contained in the number, and the Contributors' Club is unusually bright and happy.

D. Appleton & Co., have recently issued another of their Library of Useful Stories, by Edward Clodd, entitled "The Story of the Alphabet," the opening sentence of which, indicates the object of the book. "What is ever seen is never seen," and it may be questioned if one in ten thousand of the readers of today ever pauses to ask what is the history of the conventional signs called the alphabet, which, in their varying changes of position make up the symbols of the hundred thousand words more contained in a comprehensive dictionary of the English tongue." (D. Appleton & Co., cloth 40 cents.)

The problem of enlarging the White House without destroying the noble lines of the present historic mansion or subduing it, is successfully solved in the November Ladies' Home Journal. The plans presented by Colonel Theodore A. Bingham, the government official in charge of the White House, provide for an imposing building, combining with our national dignity, and offering the President a simple office space and living room under one roof. In the same issue of the magazine "The Loveliest Woman in All America" gives a charming pen-picture of Emily Marshall, whose transcendent beauty was so much admired three-quarters of a century ago. The personal and artistic sides of Elizabeth Nevin, the composer, are brought to light in "The Man Who Was Narcissus," and the other notable features: "The Story of a Young Man," by Clifford Howard; "The Successors of Mary the First," by Elizabeth Stuart Phelps; "Blue River Bear Stories," by the author of "When Knighthood was in Flower," and "Josiah Allen's Wife's" fourth visit, will be read with interest and enjoyment.

Edw. Bok condemns the lack of taste shown in furnishing American homes. The photographic views of "The Most Artistic House in New York City" covers two pages, and will prove a revelation. A page devoted to A. B. Frost shows his country folks "Waiting for the Mail," a remarkably interesting illustration. There are plans for "A Quaint, Old-fashioned House for \$8,000," and innumerable articles on women's work and allied themes, including, of course, the fashionable things in women's attire. By The Curtis Publishing Company, Philadelphia. One dollar a year; ten cents a copy.

Hamlin Garland has recently completed the novel which is regarded as the strongest and most important literary work he has yet done. The title is "The Eagle's Heart," and the story is said to present an epic of the West, wherein the hero with the eagle's heart goes westward and enters upon the struggle and picturesque life of the plains. The novel offers vivid pictures of cattle ranching and other phases of Western life. There is an interaction between the Middle West and the Far West, which is aptly indicated, and the variety of the story is as noticeable as its vigor and dramatic power. Mr. Garland has been engaged upon this romance for years, and it embodies his most earnest treatment of a theme which has appealed especially to him, both from the artistic and realist points of view. "The Eagle's Heart" will be published immediately by D. Appleton and Company.

"The Brass Bottle," the forthcoming romance by E. A. Sney, the brilliant author of "Vice Versa" and "The Tinted Veil," is said to show the author in his happiest vein. The story is an imaginative romance, full of quaint conceits and deliciously extravagant situations. His new book is the most important, as regards length, quality, and sustained interest, which he has given us since "Vice Versa." The scene opens in London with the introduction of a struggling architect to whom there comes an extraordinary experience which furnishes a fair field for the fancy and humor of the writer. "The Brass Bottle" is to be issued immediately by D. Appleton and Company.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, proved that it was constitutional. It has now been proven that Catarrh is a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Hall's Family Pills are the best.

BOSTON AMUSEMENTS.

TREMONT THEATRE—As "Vanity Fair" has outlived the bulk of the fiction of its period, so "Becky Sharp" Mrs. Fiske's play, founded on that masterpiece, promises to be the latest play made in the theatre. Something of the vitality of Thackeray's great novel attaches to the play based upon it, which is now in its second season and once more occupying the stage of the Tremont Theatre in Boston, where Mrs. Fiske won one of the greatest triumphs of her career last season, and where large and fashionable audiences are nightly assembling to enjoy and applaud her remarkable impersonation of the adventures, the capital work of the very capable members of her numerous company, and the beauty and perfection in detail of the stage setting and costuming. "Becky Sharp" of course, is not "Vanity Fair," but it embodies the very soul of that book, the immortal Becky herself. Mrs. Fiske's surroundings in the play are worthy of her work as an actress. Her company this season gives even a better performance than was seen last year. Of the magnitude of the production from a material point of view it is needless to speak in detail, for it is one of the best ever seen on the American stage.

PARK THEATRE—This week offers the last opportunity to view the concinnous charms of James Lane Allen's beautiful idyll of early day Kentucky which Frances H. Allen has dramatized, and which is now in the fourth and last week of its engagement at Boston's Park Theatre. There is no gainsaying the lesson that it teaches, and none can be but the better for viewing this romantic idyll of the blue grass country. As John Gray, Henry Jewett has scored perhaps his greatest triumph. Mr. Jewett has given the role of the Scotch Irish, red-headed, virile schoolmaster the artistic conception it merits, and his performance is commended on all sides. The supporting players compose one of the best casts ever bandaged together, while the production breathes the very atmosphere of early era Kentucky. The last matinees are Wednesday and Saturday.

BUCHANAN, MICH., May 22. Genesee Pure Food Co., Le Roy, N. Y.: Gentlemen—My mamma has been a great coffee drinker and has found it very injurious. Having used several packages of your GRAIN O, the drink that takes the place of coffee, she finds it much better for herself and for us children to drink. She has given up coffee drinking entirely. We use a package every week. I am ten years old.

Yours respectfully, FANNIE WILLIAM S

THE FALSE PROPHET.

Bryan's Predictions Which Failed to Materialize.

If the prophecies and predictions made by Mr. Bryan had proven to be true, the gold standard, which has been in operation since he uttered them, would have produced the following dire results, to wit:

It would have increased the purchasing power of the gold dollar.—Madison Square Garden speech.

It would have been as certain to make prices fall as a stone is to fall when it is thrown into the air.—Newton, Ia., speech.

It would have increased the debts of the people and lessened their ability to pay them.—Baltimore speech.

It would have made times harder and harder.—Same speech.

It would have starved everybody except the money changers and the money travelers.—New Haven speech.

It would have transferred the bread which one man earns to another man who had not earned it.—Hartford speech.

It would have made the rich richer and the poor poorer.—Newark, O., speech.

It would have decreased the number who are happy and increased the number who are in distress.—Same speech.

It would have destroyed the hope of the toiling masses.—Minneapolis speech.

It would have increased the number of idle men.—Same speech.

It would have decreased the volume of standard money.—Same speech.

It would have encouraged the hoarding of money.—Hornesville, N. Y., speech.

It would have made it more and more difficult for the farmer to live.—Madison Square Garden speech.

It would have injured the wage-earner.—Same speech.

It would have made employment less certain.—Same speech.

It would have discouraged enterprise.—Same speech.

It would have paralyzed industry.—Same speech.

It would have lessened the ability of savings banks to collect their assets.—Same speech.

It would have increased the danger of depositors losing their deposits in savings banks.—Madison Square Garden speech.

It would have compelled depositors in savings banks to withdraw their deposits to pay living expenses.—Same speech.

It would have lessened the salaries of those engaged in business occupations and would have lessened the permanency of such salaries.—Same speech.

It would have injured those who have permanent investments in railroad stocks and other like enterprises.—Same speech.

It would have injured or destroyed the manufacturers of agricultural implements, wagons and buggies.—Springfield, O., and Flint, Mich., speeches.

It would have lessened the ability of the masses to buy goods and thereby would have lessened the number of traveling men.—Indianapolis speech to traveling men.

It would have made it impossible for husbands and wives to pay off the mortgages on their homes.—Minneapolis speech to ladies.

It would have made it necessary to advocate the closing up of our public schools.—Monmouth, Ill., speech.

SOUND MONEY DEMOCRATS

Who Believe McKinley's Election Would Continue Beneficial Conditions.

"I shall vote for McKinley this year," said H. F. Hurlburt, in reply to a question as to his preference in the presidential election. "I have always been a Democrat and I voted for Palmer and Buckner four years ago. The Democrats this year, however, have injected the anti-imperialist issue into the platform to cover up the Chicago platform of 1896, and that platform no gold Democrat could induce. Personally, I believe, moreover, in the retention of the Philippines. The only business way out of the difficulty there is that which the administration has been compelled to pursue."

"Mr. Bryan said four years ago that if the country should adopt the gold standard, it would become bankrupt under any emergency, war, for example. He has proved a false prophet. Upon McKinley's election four years ago money which had been hoarded in fear was released and the country entered upon a season of great prosperity; and although I would by no means attribute the good times of the past few years to the Republican party, I am very sure that if Mr. Bryan were elected in November a change in business conditions would ensue which would not be for the better. On the other hand, the election of McKinley would continue the beneficial conditions which developed after his election in 1896."

J. D. Crimins the well-known labor statistician of New York, says: "To vote for Bryan is, in my judgment, to vote for populism, the destruction of the country and the workmen's best interests. The only alternative is to vote for McKinley and Roosevelt. There is no third ticket, no Democratic banner under which sound money Democrats may form and fight."

"Four years ago I voted for Palmer and Buckner. This year I shall cast my ballot for McKinley and Roosevelt. Such I believe to be the present duty of those Democrats who maintained party allegiance and yet supported their principles in 1896."

"A change of 20,000 votes can be made in New York city between now and Nov. 7. That change might decide which of the two great parties shall carry the state."

"The facts of the situation as they appear purely from a business point of view should be prepared concisely and set forth clearly to the workmen. With capital employed, labor is employed. With capital assured of returns, labor is assured of wages. Mr. Bryan's adherents are not makers of employment, of wealth, of prosperity, or of advancement."

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

Display of Summer School Work.

An interesting exhibition of the work of the summer school was held under the auspices of the Newton Centre Woman's club in Bray hall yesterday. There was a fine display and the prizes were won as follows: cooking—biscuit, Margaret Fitzpatrick; custard, Gertrude Breitzeke; brown bread, Elizabeth Polhemus; potato salad, Ella McGrath; cookies, Sinia King; ginger bread, Helen Clark. The prize for cake would have gone to a Sloyd prize winner but none was awarded as two prizes were not given to any one scholar. The prizes in Sloyd were given to Morton Knapp, Elmer Davis, George Smith, Robert Farquhar, Helen Graham and Margaret Loring; honorable mention, Harold White, John Brunker, Lawrence Miller, Arthur Linn, John Murray, Howard Fessenden, Hattie Wier, Sadie Smith, Harriet Gardner. A medal will also be awarded for the best attendance and another for scholarship. The medals are of silver and are inscribed "Vacation schools, 1900." Miss Julia F. Hubbard has been the teacher in cooking and Alexander Miller in Sloyd.

Newton Championship.

Several matches have been played this week on the Newton Centre golf course. The Newton tournament for the championship of the city.

On Tuesday, E. A. Wilkie defeated W. B. Merrill, by default, and A. J. Wellington defeated E. H. Kidder.

On Thursday, Percy Gilbert defeated Marshall Stinson, and A. J. Wellington defeated the present champion, Rev. E. M. Noyes, by 4 up, 3 to play.

Wellington and Wilkie will play in the semi-finals tomorrow afternoon, and the winner will meet Percy Gilbert in a 3-hole match on Monday for the championship.

In the consolation, Henry Bailly has reached the final, and will play the winner of the E. C. Fletcher-H. D. Ward match which occurs tomorrow.

The Bigelow School.

On Monday next, ten rooms of the new building on Park street will be occupied for the first time, and the school work can be again carried on once more, under normal conditions.

The great care exercised by Mr. Sawin, the master, in the transportation of the pupils to the Adams school at Newtonville as well as the constant supervision over the construction of the building, cannot be too highly appreciated by the parents of district.

The period of agitation for, and construction of the new building has lasted nearly two years, but the beautiful and well-appointed structure is well worth the time and effort.

The committee on decorating the new building with pictures and casts are hard at work, and when their labors are completed, the building will be open for public inspection.

—Miss Mildred V. Allen has obtained an instruction room in Nonantum hall, Newton square, room 32, where she may be found on Tuesdays and Fridays after three o'clock. The Fletcher Music Method, as well as piano instruction is given. The third Friday of every month is an open lesson in the Fletcher Method, all interested are cordially invited to be present. 25

—In our last week's items we stated that Mr. James W. Foster of this place was taken ill with a fit on the car and removed to White's drug store. The facts are Mr. Foster took the car at Bowdoin street, intending to go to Belger's blacksmith shop; on arriving at the blacksmith's he was unable to leave the car, owing to a sudden attack of Angina Pectoris and was carried to White's drug store, where he received attention from Mr. White and Dr. McOwen, and taken to his home at the Highlands as soon as he was able. Mr. Foster was first taken with Angina Pectoris two years ago while at his business in Boston. Since then he has been obliged to give up business and has not been to Boston.

NEWTON UPPER FALLS.

—Mrs. S. G. Curry of High street, entertained Mrs. Knight of Providence the past week.

—Mrs. Evans of New Hampshire is in town to attend the wedding of her son Mr. Abbott.

High School Notes.

The Golf team of the school has commenced practice for matches to be played with Newton Centre, Brighton High, Mechanics Arts High and others. The following pupils constitute the team: Winthrop L. Carter, '02, manager; John Foley, '01, captain; Lane Schofield, '01, Morton Sherman, '03, and Charles Sale, '01.

Basket ball promises this year to command as much interest as ever. Many candidates have been out for the team, which is to be made up in a short time. Miss Mears is again captain and she will no doubt organize a strong team.

The Sophomore-Freshman game will be played Monday afternoon, Oct. 29, at Newton Centre for a cup offered by the N. H. S. A. A.

At Wednesday evening's meeting of the school board an important step was taken, which seems likely to affect school athletics to a considerable degree. The matter came up in connection with the annual report, in which the committee recommended that every contestant in competitive athletics held on school property be required to furnish a physician's certificate as to the condition of his health. It has long been felt by certain members of the school board that many of those entering the school athletic contests were not fit to do so, and thereby did themselves an injury.

Many mothers have wished they could get some one to entertain the children. Miss Louise a charming young lady, who is very fond of the little ones, makes a specialty of making the young people happy. She gets up and arranges children's parties and entertainments etc. Miss Louise makes a point of caring for invalid children. Don't fail to write her concerning this to room 601, at 152 Massachusetts avenue.

OUR SILENT ..

Salesman

DEAR SIR:—We respectfully announce that our Complete Line of FALL and WINTER SUITS and OVERCOATS is now on our counters for your inspection.

This season our showing is large and varied and comprises Better Goods than ever before, which places us in a position to undersell any legitimate competition on goods of equal quality.
